The Late Bloomer Ken Baker, 2016-09-27 Soon to be a feature film The Late Bloomer is the revealing harrowing and often funny memoir of a celebrity journalist and former hotshot hockey player who discovers that he has been biochemically infused with a female hormone On the surface Ken Baker seemed a model man He was a nationally ranked hockey goalie a Hollywood correspondent for People a guest lister at celebrity parties and girls came on to him Inside though he didn't feel like the man he was supposed to be Although attracted to women Ken had little sex drive and thus even less of a sex life To his anguish he repeatedly found himself unable to perform sexually And regardless of strenuous workouts his body struggled to build muscle earning him the nickname Pear from his macho teammates Physically matters turned bizarre when he discovered that he was lactating The testosterone driven culture in which Ken grew up made it agonizingly difficult for him to seek help But in time he discovered something that lifted years of pain frustration and confusion a brain tumor was causing his body to be flooded with massive amounts of a female hormone which was disabling his masculinity Five hours of surgery accomplished what years of therapy rumination and denial could not and allowed Ken Baker to finally feel and function like a man Now Ken's story comes to the screen in the feature film The Late Bloomer starring Academy Award winner J K Simmons and Jane Lynch

Anatomic Study of the Clitoris and the Bulbo-Clitoral Organ Vincent Di Marino, Hubert Lepidi, 2014-05-27 This eagerly awaited book offers a unique comprehensive scientific study of the anatomy of the organ of female sexual pleasure The authors use macroscopic and microscopic research to guide the reader from the glans the visible part of the clitoris where they explore the impressive sensory corpuscles to the hidden roots of the bulbo clitoral organ They show its complexity its exact location within the external genitalia and its intimate relationship with the urethro vaginal pyramid They also remind us that throughout history there has been a failure to understand this organ and explain that this misunderstanding remains

the cause of persistent excisions criminal mutilating practices that have not yet been eradicated Using extensive iconography they demonstrate throughout this book that the bulbo clitoral organ is an exceptional natural treasure that every woman possesses and that every man should know well *The Clitoris Unveiled* Anne Rush,Elizabeth Owings,2019-02-03 Every physician and every woman NEEDS to know what is in this book Charles Runels MD Inventor of the O Shot ProcedureNew discoveries are changing everything we thought we knew about the fields of sex related medicine This is not an encyclopedia with all the answers that will take years of research to compile This is a distillation of current scientific facts about the Clitoral System that have been distorted or ignored and need to become known and employed correctly in practical medicine for the health of patients and the peace of mind of their families From these key guideposts it is hoped that doctors will be inspired to engage in their own research to unveil further scientific secrets of the Clitoris As a layperson you need to know the facts so that you can make sound medical decisions and even use some of the information to add more fireworks to your personal life I Clitoris Jaia Earthschild,2020-09-28 Pssst my clitoris has written a book Excuse me Your what has done what And what s it called I Clitoris Are you kidding The autobiography of a woman s sexual organ Who would even think of reading something so weird Let alone writing it Well remember Vagina Monologues Remember how liberating it was to listen to all those women talk about their vaginas This is different It s a kind sexual re education for women The kind of education that can only come from the clitoris because only the clitoris knows what it s like to be the only organ in all biology whose sole purpose is pleasure I Clitoris will help you to empower yourself not necessarily as the love goddess of the millennium but as a real woman One who knows her sexual self enough to share herself with dignity passion and intelligence but only when she chooses If you are a mother wondering how to talk sensitively to your daughter about teen pregnancy and sexual desire and how confusing it is to feel all that stuff let alone talk about it you probably want to first read this yourself and then share it with her If you are a woman recovering from sexual abuse in a world where female violation is globally rampant and has been for centuries you will get some unique and profound not to mention fun and pleasurable techniques for starting the process of healing yourself enough that you can enjoy healthy intimate relationships again or maybe for the first time ever Spoiler alert True sexual healing is not about talking If you are a guy wondering what is going on in the opposite sex apart from what you thought you had found out from online porn this book will offer you some very different insights about what it might be like to be a woman I Clitoris will make you reconsider what lies between your thighs in ways mostly sacred and sometimes playfully profane It offers you a chance to see yourself in a whole new way Oh and it is written as a kind of poem hand illustrated and totally unlike any sex education book you ever even dreamed of Definitely weird **Pussypedia** Zoe Mendelson,2021-08-03 Written by the creators of the popular website this accessible and fully illustrated guide is a hilarious ridiculously informative and absolutely necessary atlas for people with pussies Roxanne Gay There is a shocking lack of accurate accessible information about pussies out there If the clitoris and penis are the same size on average why is the word

small only included in the definition of clitoris Sex probably doesn't cause yeast infections but racism probably does cause BV Why is masturbating so awesome is labiaplasty on a global astronomical rise Does egg freezing really work Should I stick an egg shaped rock up there or nah Pussypedia shares peer reviewed science that address old myths confusing inconsistencies and the influence of gender narratives on scientific research It teaches readers how to read science consider information in its context and to accept what we don't know rather than search for conclusions It also weaves in personal anecdotes from the authors and their friends sometimes funny sometimes sad often cringe worthy to do away with shame and encourage curiosity exploration and agency A gift for your shy niece your angsty teenager your confused boyfriend or yourself

Pussypedia is our generation's Our Bodies Ourselves with a healthy dose of fun **Sex Without Intercourse** Amanda Bailey, 2017-03-10 The book is designed to be a lighthearted insight into ways of experimenting with sex and pleasuring your partner whilst at the same time reducing the risk of pregnancy and STDs Its not a manual but a guide for those that may want to experiment with sex to show that intercourse isn't the most important factor There are other ways of enjoying each others body whilst minimizing the risk of unwanted pregnancy and STDs Its aimed at teenagers from early teens upwards Many parents find it difficult to talk to their kids about sex It may be they think there is an age when this should be done and just never get around to it It may be the child passes that age in maturity before they reach it in years in which case by the time the parent gets around to the talk the child is actually too old and the parent just doesn't bother Often the child will insist I already know all that so the parent doesn't bother They may think they know It may be they know what their friends have mentioned or discussed together Either way unless you know what they know you can't be sure that they do This book may help parents if they find themselves in any of these situations **The Vulva and Vaginal Manual** Graeme

Dennerstein, James Scurry, John Brennan, David Allen, Maria-Grazia Marin, 2005-10-11 This is a new book on the integrated management of vulvovaginal disease The authors come from a variety of backgrounds gynaecology dermatology pathology and psychology and describe a multidisciplinary approach to these conditions The book has the most complete classification of vulvovaginal disease published based on the etiology of 275 conditions coverage includes benign malignant and functional including psychosexual diseases Each disease has a descriptive summary pathological features and treatment guidelines The book is illustrated in full color throughout **Pussypedia** Zoe Mendelson, 2021-08-03 A rigorously fact checked funny

accessible gender inclusive and fully illustrated guide to the anatomy history and sociology of the pussy written by the creators of the popular website If the clitoris and penis are the same size on average why is the word small in the definition of clitoris but strangely missing from the definition of penis Sex probably doesn't cause yeast infections But racism probably does cause BV Why is masturbating so awesome How hairy are butt cracks generally Why is labiaplasty on a global astronomical rise Does egg freezing really work Should I stick an egg shaped rock up there or nah There is still a shocking lack of accurate accessible information about pussies and many esteemed medical sources seem to contradict each other

Pussypedia solves that with extensive reviews of peer reviewed science that address old myths confusing inconsistencies and the influence of gender narratives on scientific research always in simple joyful language Through over 30 chapters Pussypedia not only gives the reader information but teaches them how to read science how to consider information in its context and how to accept what we don't know rather than search for conclusions It also weaves in personal anecdotes from the authors and their friends sometimes funny sometimes sad often cringe worthy and always extremely personal to do away with shame and encourage curiosity exploration and agency A gift for your shy niece your angsty teenager your confused boyfriend or yourself Our generation's Our Bodies Ourselves with a healthy dose of fun
