DO NOT RECALL LATER, THERE ARE
LIMITATIONS TO THE TEST.

The trend of the comparative analysis of 10 countries has to be that a theoretical description of the practices, "the way things are done" and the underlying logic is not possible without taking this context into account. It just is creating a collective sense of order, power and the good practice itself. Individuals may be strong or weak players, differentiated for competence, legitimacy and embeddedness in the network. However, these three aspects are the basis for the institutionalization of the competences. It just explains the practices themselves in detail, but the underlying logic is always given.
