Greg W. Prince

Matt Thornton Scouting Report:

2005 Fantasy Baseball Scouting Report: for 5x5 AL Only Leagues Henry Lee, 2005 What differentiates this new series of books from the books and magazines people have used in the past is that each of the six books focuses on a different league 5x5 mixed AL only NL only 4x4 mixed AL only and NL only The projections and dollar values for players can vary up to 50% from league to league Drafting with the help of a magazine not tailored to your league specifications is a recipe for disaster yet millions of people do so every year With your Fantasy Scouting Report in hand you can rest assured that your projections are accurate Each book also has special Quick Lists designed to help you find what you need in the limited time you have between picks Players are ranked by actual scoring category points so you can compare players intelligently and quickly Categories like ERA WHIP and BA are weighted for IP and AB vitally important but often overlooked Also included is a unique quantitative analysis of the best prospects for 2005

Amazin' Again Greg W. Prince, 2016-03-15 They were coming off a seemingly endless string of losing records They were considered years away from legitimate contention They were derided and disregarded as a matter of course But in 2015 the New York Mets changed their course and changed their story The result was the best kind of amazin Against all expectations these Mets surged from the starting gate hung tough when adversity threatened to overwhelm their budding chances and fortified themselves for a stretch drive few could have foreseen In short order they proceeded to capture a division title raise a pennant and lay claim to the heart of their city With an unforgettable cast of characters including Matt Harvey David Wright Jacob deGrom Yoenis Cespedes and Daniel Murphy the tale of the 2015 National League champion New York Mets is told for the ages in Amazin Again Author Greg Prince cocreator of Faith and Fear in Flushing the blog that has distilled the heart and soul of Mets fandom for more than a decade traces the trajectory of this championship season from its roots in a long ago amateur draft to its climax within the cauldron of Citi Field s first World Series In between Prince re creates the emotions of a year that culminated in the Mets making New York their kind of town once again Skyhorse Publishing as well as our Sports Publishing imprint are proud to publish a broad range of books for readers interested in sports books about baseball pro football college football pro and college basketball hockey or soccer we have a book about your sport or your team Whether you are a New York Yankees fan or hail from Red Sox nation whether you are a die hard Green Bay Packers or Dallas Cowboys fan whether you root for the Kentucky Wildcats Louisville Cardinals UCLA Bruins or Kansas Jayhawks whether you route for the Boston Bruins Toronto Maple Leafs Montreal Canadiens or Los Angeles Kings we have a book for you While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home

Skrentny,2015-11-24 A provocative new approach to race in the workplace What role should racial difference play in the American workplace As a nation we rely on civil rights law to address this question and the monumental Civil Rights Act of 1964 seemingly answered it race must not be a factor in workplace decisions In *After Civil Rights* John Skrentny contends that after decades of mass immigration many employers Democratic and Republican political leaders and advocates have adopted a new strategy to manage race and work Race is now relevant not only in negative cases of discrimination but in more positive ways as well In today s workplace employers routinely practice racial realism where they view race as real as a job qualification Many believe employee racial differences and sometimes immigrant status correspond to unique abilities or evoke desirable reactions from clients or citizens They also see racial diversity as a way to increase workplace dynamism The problem is that when employers see race as useful for organizational effectiveness they are often in violation of civil rights law *After Civil Rights* examines this emerging strategy in a wide range of employment situations including the low skilled sector professional and white collar jobs and entertainment and media In this important book Skrentny urges us to acknowledge the racial realism already occurring and lays out a series of reforms that if enacted would bring the law and lived experience more in line yet still remain respectful of the need to protect the civil rights of all workers **Provincial Papers.
