My Favourite Cartoon Essay For Class 2:

Write Here: Developing Writing Skills in a Media-Driven World Randi Brummett de Leon, Brooke Hughes, 2020-04-30

Write Here is designed to teach students essential reading and writing skills using media examples to help explain academic concepts and provide opportunities for practice. It is adaptable because it covers the basics of reading writing and the modes of writing; it is appropriate to use in developmental composition classrooms. However, it also covers such topics as logical fallacies, rhetoric, timed writing, academic writing, source integration, and MLA/APA documentation, making it appropriate for a first year or stretch composition course. Many beginning writing students are underprepared and feel that writing just isn't for them. The authors hope to dispel that myth by using media examples and a conversational tone to introduce and teach the material. Write Here provides examples that are interesting to students while allowing them to connect to the subject matter on a more personal level. Additionally, the process of analyzing the media helps students sharpen their reading, writing, and critical thinking skills.

The Simpsons in the Classroom Karma Waltonen, Denise Du Vernay, 2014-01-10. The object of much debate, attention, and scholarship since it first aired more than 20 years ago, *The Simpsons* provides excellent if unexpected fodder for high school and college lesson plans. After all, laughing students are hardly sleeping students. But *The Simpsons* also provides a familiar student knowledge base which instructors can use as a jumping off point to introduce concepts in literature, composition, linguistics, cultural studies, gender studies, and media appreciation. The authors, both of whom have been teaching *The Simpsons* for more than a decade, share exercises, prompts, and even syllabi that have proven successful in their own courses. Instructors considering this book for use in a course may request an examination copy here.

Teaching Character

Education through Literature Karen Bohlin, 2005-05-03. This book shows how secondary and post-secondary teachers can help students become more responsive to the ethical themes and questions that emerge from the narratives they study. It helps teachers to integrate character education into the classroom by focusing on a variety of ways of drawing instructive insights from fictional life narratives. The case studies and questions throughout are designed to awaken students' moral imagination and prompt ethical reflection on four protagonists' motivations, aspirations, and choices. The book is divided into two parts. The first provides a theoretical approach, while the second features case studies to apply this approach to the study of four literary characters: Sydney Carton from *Tale of Two Cities*; Jay Gatsby from *The Great Gatsby*; Elizabeth Bennet from *Pride and Prejudice*; Janie Crawford from *Their Eyes Were Watching God*. The questions, ideas, and approaches used in these case studies can also be applied to protagonists from other narrative works in the curriculum.

The Graphic Canon, Vol. 2 Russ Kick, 2012-10-02. *The Graphic Canon Volume 2* gives us a visual cornucopia based on the wealth of literature from the 1800s. Several artists, including Maxon Crumb and Gris Grimly, present their versions of Edgar Allan Poe's visions. The great American novel *Huckleberry Finn* is adapted uncensored for the first time as Twain wrote it. The bad boys of Romanticism
