The Electronic Text William V. Costanzo,1989

Memory, Intermediality, and Literature Sara Tanderup Linkis,2019-04-16 If readers of Sara Tanderup Linkis Something to hold on to open the book in the expectation of entering a niche of literature and literary studies they will leave it after having encountered a new highway in literature Here the traditional theme of memory and the most recent use of digital media merge into a new understanding of the role of the book in the contemporary media landscape and of vicissitudes of memorial processes literature which also offers a broader perspective on literature in human history Spurred by Sara Tanderup Linkis sharp eye the readings of texts are lucid engaging and offers so many ideas that teachers will renew their curricula and readers will open the internet for more or rush to the library Svend Erik Larsen professor emeritus

Memory Intermediality and Literature investigates how selected literary works use intermedial strategies to represent and perform cultural memory Drawing on the theoretical perspectives of cultural memory studies this engaging reader friendly monograph examines new materialism and intermediality studies analyzing works by Alexander Kluge W G Sebald Jonathan Safran Foer Anne Carson Mette Hegnh j William Joyce J J Abrams and Doug Dorst The works emerge out of different traditions and genres ranging from neo avant garde montages through photo novels and book objects to apps and children s stories In this new monograph Sara Tanderup Linkis presents an interdisciplinary and comparative approach reading the works together across genres and decades and combining the perspectives of memory studies and materialist and media oriented analysis This approach makes it possible to argue that the works not only use intermedial strategies to represent memory but also to remember literature reflecting on the changing status and function of literature as a mediator of cultural memory in the age of new media Thus the works may be read as reactions to modern media culture suggesting the ways in which literature and memory are affected by new media and technologies photography and television as well as iPads and social media

Kittler Now Stephen Sale,Laura Salisbury,2015-03-17 Friedrich Kittler was one of the world s most influential provocative and misunderstood media theorists His work spans analyses of historical discourse networks inspired by French poststructuralism influential theorizations of new media through to musings on music and mathematics Always controversial and relentlessly unpredictable Kittler s work is a major reference point for contemporary media theory literary criticism and cultural studies This is the only book of essays currently available in English on an important thinker whose influence across disciplines is growing The volume situates Kittler s ideas explaining and critiquing his sometimes difficult writing and using his theories to undertake innovative readings of old and new media It also includes previously untranslated work by Kittler himself Contributors include Caroline Bassett Steven Connor Alexander R Galloway Mark B Hansen John Durham Peters and Geoffrey Winthrop Young

The Empire of the Text Christopher Leigh Connery, 1998 This unique study argues that in the Qin Han period there arose in China a regime of textual authority_one that overlapped but did not coincide with imperial authority Drawing on a wide range of research and theory Connery makes an original contribution to the analysis of early imperial elite culture particularly in the fields of literature and linguistics intellectual and institutional history The author provides new contexts for thinking about canonization and textual transmission systems an innovative framework for analysis and discussion of the early imperial elite a socio ideological exploration of one strand of late Han Confucian thought and a critique of the concepts of subjectivity and the birth of lyricism in China

David Foster Wallace and the Body Peter Sloane, 2019-05-17 David Foster Wallace and the Body is the first full length study to focus on Wallace s career long fascination with the human body and the textual representation of the body The book provides engaging accessible close readings that highlight the importance of the overlooked and yet central theme of all of this major American author s works having a body Wallace repeatedly made clear that good fiction is about what it means to be a human being A large part of what that means is having a body and being conscious of the conflicts that arise morally and physically as a result a fact with which as Wallace forcefully and convincingly argues we all desire to be reconciled Given the ubiquity of the themes of embodiment in Wallace s work this study is an important addition to an expanding field The book also opens up the themes addressed to interrogate aspects of contemporary literature culture and society more generally placing Wallace s works in the history of literary and philosophical engagements with the brute fact of embodiment

Exploring Text, Media, and Memory Patrizia Lombardo, Lars SAetre, Lars S'tre, Sara Tanderup Linkis, 2018-12-31 Exploring Text Media and Memory investigates the link between memory and media by asking a series of questions pertinent to our time How do individual and collective memories blend How do traumatic experiences from past events and catastrophic projections of the future reveal the human condition in the epoch of frenetic technological reproduction of works of art How is the human body tied to narrations and why A group of international scholars tackle questions like these across art forms media and cultural history In nineteen essays they argue that modern and contemporary literary texts and visual arts show how photography film tape recording television and internet are not just means of storing memory and information but objects that we interact with every day challenging static visions of places and the linear notions of past present and future
