Faith in a Secular Age Colin Wilbur Williams, 1966 **Faith Formation in a Secular Age : Volume 1 (Ministry in a Secular Age)** Andrew Root, 2017-10-03 The loss or disaffiliation of young adults is a much discussed topic in churches today Many faith formation programs focus on keeping the young believing the youthful spirit will save the church But do these programs have more to do with an obsession with youthfulness than with helping young people encounter the living God Questioning the search for new or improved faith formation programs leading practical theologian Andrew Root offers an alternative take on the issue of youth drifting away from the church and articulates how faith can be formed in our secular age He offers a theology of faith constructed from a rich cultural conversation providing a deeper understanding of the phenomena of the nones and moralistic therapeutic deism Root helps readers understand why forming faith is so hard in our context and shows that what we have lost is not the ability to keep people connected to our churches but an imagination for how and where God could be present in their lives He considers what faith is and what steps we can take to move into it exploring a Pauline concept of faith as encounter with divine action

The Sacred in a Secular Age Phillip E. Hammond, 2023-11-15 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1985 *Faith in a Secular Age* Colin Williams, 1966 **Transmission of the Faith in a Secular Age** Russell Lynn Staples, 1990 Ministry in a Secular Age Set Andrew Root, 2021-01-19 Andrew Root s well received Ministry in a Secular Age trilogy offers a developed practical theology that uniquely attends to divine action The three volumes engage with Charles Taylor s articulation of our cultural

context and the challenge he raises for Christian life in a Western world that has found divine action increasingly unbelievable This project provides not only a needed and deep dialogue with the issues Taylor presents but also offers a constructive vision for confronting Taylor s challenge In Faith Formation in a Secular Age Root provides an alternative take on the issue of youth drifting away from the church and articulates how faith can be formed in our secular age Through an abundance of examples The Pastor in a Secular Age explores how pastors have both perpetuated and responded to our secular age and provides a new vision for pastoral ministry today The Congregation in a Secular Age articulates why it is so hard for congregations to change and encourages an approach that doesn t fall into the negative traps of our secular age

The Pastor in a Secular Age (Ministry in a Secular Age Book #2) Andrew Root,2019-06-18 In Faith Formation in a Secular Age the first book in his Ministry in a Secular Age trilogy Andrew Root offered an alternative take on the issue of youth drifting away from the church and articulated how faith can be formed in our secular age In The Pastor in a Secular Age Root explores how this secular age has impacted the identity and practice of the pastor obscuring his or her core vocation to call and assist others into the experience of ministry Using examples of pastors throughout history from Augustine and Jonathan Edwards to Martin Luther King Jr and Nadia Bolz Weber Root shows how pastors have both perpetuated and responded to our secular age Root turns to Old Testament texts and to the theology of Robert Jenson to explain how pastors can regain the important role of attending to people s experiences of divine action offering a new vision for pastoral ministry today

Untimely Christianity Michael Edwards,2022-02-22 Christianity is always untimely always foreign to our beliefs and contrary to our desires It was untimely in Jerusalem Athens and Rome when Jesus and his early followers were killed It is just as untimely now But we have become deaf to its otherness to the disruptive strangeness of Christian faith If we are to hear it again we must traverse the distance between our comfortable and overly conceptual Christianity and the true Christianity that turns the whole world upside down In Untimely Christianity acclaimed poet and literary scholar Michael Edwards calls for a countercultural Christianity that recovers the Bible s radical otherness and renews our habits of attention to its message to its revelation of a God who is not merely a set of doctrines but a person someone we can know Edwards s work is an eloquent prophetic effort to recapture the revolutionary power of the Bible to transform the way humans view the world and how they live in it Rich in theology philosophy poetry biblical interpretation and cultural criticism Untimely Christianity invites readers of all kinds to encounter the Bible anew as a continuous questioning of the reader and a prodigious expansion of reality

The Congregation in a Secular Age (Ministry in a Secular Age Book #3) Andrew Root,2021-01-19 Churches often realize they need to change But if they re not careful the way they change can hurt more than help In this culmination of his well received Ministry in a Secular Age trilogy leading practical theologian Andrew Root offers a new paradigm for understanding the congregation in contemporary ministry He articulates why congregations feel pressured by the speed of change in modern life and encourages an approach that doesn t fall into the negative traps of our secular age Living in late

modernity means our lives are constantly accelerated and calls for change in the church often support this call to speed up Root asserts that the recent push toward innovation in churches has led to an acceleration of congregational life that strips the sacred out of time Many congregations are simply unable to keep up which leads to burnout and depression When things move too fast we feel alienated from life and the voice of a living God The Congregation in a Secular Age calls congregations to reimagine what change is and how to live into this future helping them move from relevance to resonance *Returning to Religion* Jonathan Benthall,2008-09-30 How can one explain the resurgence of religion even in a western context of rationality postmodernity and scientific endeavour The persistence of religious expression has compelled even diehard secularists or proponents of the secularization thesis to rethink their positions Jonathan Benthall explains precisely why societies are not bound to embrace western liberal rationality as an evolutionary inevitability He shows that the opposite is true that where a secular society represses the religious imagination the human predisposition to religion will in the end break out in surprising apparently secular modes and outlets Concentrating on what he calls para religion a kind of secular spirituality that manifests itself within movements and organisations who consider themselves motivated by wholly rational considerations Benthall uncovers a paradox despite themselves they are haunted by the shadow of irrationality Arguing that humanitarianism environmentalism the animal rights movement popular archaeology and anthropology all have religious aspects his startling conclusion is that religion rather than coming back in fact never went away A human universal the religious inclination underlies the fabric of who we are and is essential for the healthy functioning of any society

Believing Again Roger Lundin,2009-02-05 In *Believing Again* Roger Lundin brilliantly explores the cultural consequences of the rather sudden nineteenth century emergence of unbelief as a widespread social and intellectual option in the English speaking world Lundin s narrative focuses on key poets and novelists from the past two centuries Dostoevsky Dickinson Melville Auden and more showing how they portray the modern mind and heart balancing between belief and unbelief Lundin engages these literary luminaries through chapters on a series of vital subjects from history and interpretation to beauty and memory Such theologians as Barth and Balthasar also enter the fray facing the challenge of modern unbelief with a creative brilliance that has gone largely unnoticed outside the world of faith Lundin s *Believing Again* is a beautifully written erudite examination of the drama and dynamics of belief in the modern world In *Believing Again* Roger Lundin brilliantly explores the cultural consequences of the rather sudden nineteenth century emergence of unbelief as a widespread social and intellectual option in the English speaking world Lundin s narrative focuses on key poets and novelists from the past two centuries Dostoevsky Dickinson Melville Auden and more showing how they portray the modern mind in tension between faith and doubt Lundin engages these literary luminaries through chapters on a series of vital subjects from history and interpretation to beauty and memory Such theologians as Barth and Balthasar also enter the discussion facing the challenge of modern unbelief with a creative brilliance that has gone largely unnoticed outside the

world of faith Lundin's *Believing Again* is a beautifully written erudite examination of the drama and dynamics of belief in the modern world

The Persistence of Faith Jonathan Sacks, 2025-07-03

Confidence in a faith is a subtle quality and lack of it shows in many ways some contradictory Dr Sacks has that confidence and the quiet charisma to communicate it Sacks argues that faiths must remain open to criticism keep alive their separate communities and still contribute far more to national debates on moral issues They must also learn to get along better His thesis is that we still live under a Biblical canopy and that a cohesive morality needs the uniting bonds of faith The subject of this book religions and ethics is good ground for him to build on The Jewish contribution to ethics is distinctly rational and has a long and illustrious tradition Moral philosophy is after all a Jewish preoccupation In recent years he writes religion has taken us unawares The rise of the Moral Majority in the USA the Islamic Revolution the growth of religious parties in Israel the power of Catholicism in Poland and the African continent all run contrary to the basic thesis that modernity and secularization went hand in hand and could almost be regarded as synonyms Instead and against all prediction religion has resurfaced in the public domain In this book Sacks argues the case for a broadly based return to tradition within the context of religious pluralism and tolerance Religious values remain a strong force within our culture to be renewed For our society to be viable indeed they must be renewed
