Teaching with Dystopian Text Michael Arthur Soares, 2023-10-10 Teaching with Dystopian Text propounds an exchange of spatial to pedagogical practices centered around Orwellian Spaces signaling a new utility for teaching with dystopian texts in secondary education The volume details the urgency of dystopian texts for secondary students providing theoretical frameworks classroom examples and practical research The function of dystopian texts such as George Orwell's 1984 as social and political critique is demonstrated as central to their power Teaching with Dystopian Text Exploring Orwellian Spaces for Student Empowerment and Resilience makes a case that dystopian texts can be instrumental in the transfer of spatial practices to pedagogical practices Pedagogical application creates links between the text and the student through defamiliarization connecting the student to practices of resistance in the space of the classroom The volume also addresses the challenges of teaching dystopian text in a dystopian educational climate including the COVID 19 lockdown In addition to appealing to scholars and researchers of literacy education language education and dystopian text this book will also be a powerful yet accessible resource for secondary teachers as they address dystopian concerns with students in the complicated twenty first century

Exposing the Fake: AI's Role in Digital Trust Dr. Pankaj Madhukarrao Agarkar, 2025-04-15 This Book Explores and gives answers to analyse the fake profiles and a research perspective The evolution of social media has profoundly transformed the way societies connect share information and shape public discourse Yet alongside its unrivalled potential for positive impact the digital realm has become plagued by deception misinformation and the proliferation of fake identities As technologists researchers and policymakers confront this challenge the critical role of artificial intelligence in safeguarding digital trust becomes evident This book inspired by years of research and innovation addresses the complexities of fake identity detection in the vast universe of social media It bridges technical depth with expansive considerations of ethics law and societal impact Each chapter unpacks the landscape from the initial emergence of fake profiles and their damaging consequences through the technological arms race for detection to the cutting edge developments in AI machine learning and blockchain based verification

Publications Combined: Fake News, Conspiracy Theories, and Lies: Information Laundering In the 21st Century, 2018-09-06 The purpose of this research

broadly speaking is to expose the threat that fake news poses to our national security This thesis answers the question Can the information laundering model or a modified version of it be used to explain how the internet is exploited to spread fake news and the resulting threat to the United States I assert that a well crafted narrative whether true or false can be spread rapidly online due to the accessibility and interconnectedness of the internet ecosystem I then articulate how these narratives can be further accelerated and disseminated when propagandists take advantage of existing processes that improve the customization ease of access and availability of information online I do this by modifying the information laundering model and then using the new model to examine the interconnectedness of search engines blogs social networking platforms and media academic outlets and how these connections can be exploited to launder false or purposefully misleading information into public discourse Finally I demonstrate how this process allows adversarial nations criminals and malicious actors to increase public discord undermine democracy and threaten Americans physical and cognitive security Contains the following studies 1 Fake News Conspiracy Theories and Lies An Information Laundering Model for Homeland Security 2 THE COMMAND OF THE TREND SOCIAL MEDIA AS A WEAPON IN THE INFORMATION AGE 3 PUTIN S PROPAGANDA WAR IS HE WINNING 4 Cyber Terrorism and Cyber Crime There Is a Difference 5 CYBERDETERRANCE IN 2035 REDEFINING THE FRAMEWORK FOR SUCCESS 6 Countering Russian Active Measures
