The Total Money

Makeover Dave Ramsey, 2009-12-29 The success stories speak for themselves in this book from money maestro Dave Ramsey. Instead of promising the normal dose of quick fixes, Ramsey offers a bold, no-nonsense approach to money matters, providing not only the how-to but also a grounded and uplifting hope for getting out of debt and achieving total financial health. Ramsey debunks the many myths of money, exposing the dangers of cash advance, rent-to-own, debt consolidation, and attacks the illusions and downright deceptions of the American dream, which encourages nothing but overspending and massive amounts of debt. Don't even consider keeping up with the Joneses, Ramsey declares in his typically candid style. They're broke. The Total Money Makeover isn't theory. It works every single time. It works because it is simple. It works because it gets to the heart of the money problems you have. This 3rd edition of *The Total Money Makeover* includes a fresh cover design, all new personal success stories and naysayers, and more.

Sustaining Grace Scott J. Hagley, Karen Rohrer, Michael Gehring, 2020-06-30 *Sustaining Grace* explores the dynamic between new faith communities and denominational systems through the lens of stewardship and sustainability. As a collection, these essays suggest that to facilitate ecologies for innovation in our current era, established congregations and new faith communities must model the sustaining grace of God to one another in creative ways. Thus, problems of sustainability are not for church planters to solve alone but rather are related to the theologies of stewardship and the ecclesial system to which they belong. Issues of vision are not for denominational systems to theorize alone but are given shape on their historic foundations in the creative and prophetic structures practiced in new faith communities. This book speaks to a central tension in the growing movement of church planting: the mutual need of and the mutual frustration between establishment leaders and innovators, conservators and risk takers. Standing at the contact point of that tension in one of the wealthiest mainline denominations, 1001 New Worshipping Communities and Pittsburgh Theological Seminary engage the question of faithful stewardship with voices reflecting and strategizing on each side of the tension, broadening the conversation to include those beyond the Presbyterian Church and bringing both the academy and practitioners from church judicatories, church plants, and traditional church communities to offer a theologically grounded, practical, and generative conversation.
