Healthcare Financial Management ,2008 The Residency Coordinator's Handbook Dianna Otterstad,2007

Residency coordinators juggle a multitude of tasks supporting residents through a complex educational process ensuring the program director has the tools and resources he or she needs and monitoring the program's compliance with ACGME standards The list goes on and on Unfortunately new coordinators are not often given the resources they need to effectively perform these tasks They are left on their own to navigate complicated standards overcome scheduling challenges and master documentation requirements Failure to quickly learn and carry out these duties puts the program's accreditation at risk And because standards and expectations are constantly changing even the most experienced coordinators often find themselves searching for practical easy to understand resources to guide them through day to day activities Book jacket

financial sustainability of the NHS Great Britain: National Audit Office,2012-07-05 Although in 2011/12 there was a surplus of 2.1 billion across the NHS as a whole there is also some financial distress particularly in some hospital trusts In the long term achieving financially sustainable healthcare is likely to mean changes to how and where people access services

and some local commissioners are already consulting on and developing plans to do this Currently some organisations have relied on additional financial support from within the NHS 10 NHS trusts 21 NHS foundation trusts and three Primary Care Trusts PCTs have reported a combined deficit of 356 million There are four foundation trusts and 17 NHS trusts which between 2006 07 and 2011 12 needed injections of working capital from the Department of Health totalling 1 billion The Department anticipates that NHS trusts and NHS foundation trusts are likely to need around 300 million more public dividend capital in 2012 13 51 per cent of PCTs reported concern about the financial sustainability of their healthcare providers Previously PCTs and Strategic Health Authorities SHAs have been able to support otherwise weak providers It is not yet clear whether clinical commissioning groups and the NHS Commissioning Board will agree to provide financial support to providers in this way The NAO concludes that it is hard to see how continuing to give financial support to organisations in difficulty will be a sustainable way of reconciling growing demand for healthcare with the size of efficiency gains required within the NHS
