The Modern Guide to Golf Club Fitting Jeff Summitt, 2015-06-01 This all new text is written by Hireko's Technical Director Jeff Summitt who has spent more than 20 years helping fit and educating fellow golfers in selecting the proper equipment for their game. This is a modern approach that details the different concepts of fitting and applicable to professional club fitters down to those that simply want to learn more about the equipment they play. Covers everything you want to know and more about custom fitting including getting started, the personal interview, cause and effect relationships, a comprehensive discussion on clubhead anatomy, grip sizing and materials, role of the shaft, vital importance of length and weight as well as complete step by step fitting breakdown for each clubhead category set in a logical sequence.
