SIECUS Report ,1983 *Victims of Sexual Assault and Abuse* Michele A. Paludi, Florence L. Denmark, 2010-10-06 A team of educators counselors and scholars examine the widespread problem of sexual assault and abuse in the United States from a legal criminal justice psychological clinical and legislative perspective The statistics on sexual abuse in the United States suggest that such crimes are perceived as socially acceptable despite laws to the contrary Thirty percent of women are battered at least once in their adult lives while four million girls and women are trafficked annually Seventy five percent of employed battered women are harassed at their jobs by abusive husbands or lovers and half of them are murdered by these mates At least twenty percent of women have been victimized by incest

Victims of Sexual Assault and Abuse serves as a reference guide for professionals working with victims and perpetrators Topics addressed include assault within marriage courtship violence abducted and runaway youth violence against pregnant women cyberspace violence and sexual harassment of students and employees This multivolume set promotes legislation to break the cycles of violence and dispels myths about victims and perpetrators Preventative programs policies and educational programs are emphasized

Art Therapy And Psychotherapy Victoria D. Coleman,Phoebe Farris-Dufrene,2014-07-16 As the world changes rapidly there exists a challenge to develop new conceptualizations paradigms definitions and strategies for surviving in an intensely competitive global community In response to these changes helping professionals must expand their knowledge of therapeutic approaches and re evaluate their philosophies and objectives in order to interact effectively with diverse populations Enabling therapists and educators an opportunity to embrace two modalities at once this text applies a combined approach to individual family and group counselling situations The authors contend that the use of artistic expression as an element of the counselling prescription transcends age race culture and gender in its effectiveness Hence art therapy blended with and enhanced by traditional psychotherapy lends itself naturally to the multifaceted clientele of the 21st century Presented first in this resource is a theoretical framework for art therapy and psychotherapy and a thorough review of the existing literature The authors then discuss integration of theory into practice through case studies complete with original client artwork The final chapters focus on other important issues including ethical and legal considerations multicultural concerns career development and further implications for the field
