specific regional repertoires and styles develop Which organisations and venues have been particularly conducive to the development of sacred singing in the community How does the subject matter of songs relate to the immediate environment of coastal inhabitants How and why has gospel singing in coastal communities changed These questions are answered with comprehensive reference to interview material fieldnotes videography and audio field recordings As one of the first pieces of ethnomusicological research into sacred music performance in Scotland this ethnography draws important parallels between practices in the North East and elsewhere in the British Isles and across the globe **The Sandemanian Story** Derek B.
