Este libro representa un recurso ideal para los estudiantes de la gramática avanzada del español a nivel de pregrado y posgrado. *El léxico gramática del español* provides an alternative approach to the study of advanced Spanish grammar. Drawing on L1 and L2 Spanish language corpora and linguistic research to describe key lexico grammatical characteristics of the Spanish language, this book gives students insight into real variable and contextualized usage of Spanish. Each chapter includes guided exercises so that students can conduct their own searches of the corpus and draw evidence based conclusions on how particular grammar structures are used by Spanish speakers at varying levels of proficiency. This is an ideal resource for advanced undergraduate and postgraduate students of Spanish language and linguistics.

Gramática para la composición Melvin Stanley Whitley, Luis González, 2007 Integrating grammar and composition, this comprehensive new edition guides the advanced student through progressively more complex types of writing by organizing the grammar lessons on a functionalist basis around the needs of composition. This innovative approach to teaching Spanish grammar and composition promotes systematic language development and enables students to strengthen their expressive and editing skills in the language in order to write more effectively and more confidently. Refined by years of classroom testing and analysis of the problems students encounter, this bestselling textbook has been substantially rewritten and incorporates current research in composition pedagogy, second language acquisition and linguistics. Expanded self-correcting exercises are also available online, making *Gramática para la composición* one of the most valuable textbooks available for advanced students of Spanish. **FEATURES** Focuses on work in six level appropriate types of composition: description, synopsis, personal narrative, creative narrative, exposition and argumentation. Based on ACTFL guidelines for students progressing from intermediate to advanced levels of proficiency. Covers syntax, dictionary skills, problematic word distinctions and rhetorical features of discourse structure. Contains exercises on grammar practice working with sentences and paragraphs, guided essays and free composition. **NEW TO THE SECOND EDITION** Each lesson has been clearly divided into two distinct parts: *Presentación* material that students prepare before class and *Aplicación* the activities they do in class or as homework. *Prácticas individuales* have been expanded and recreated as self-checking exercises that provide immediate feedback and scoring.
