Grammar For English Language Teachers:

A Concise Grammar for English Language Teachers Tony Penston, 2005 A Concise Grammar for English Language Teachers excels at actually making grammar easy to understand easy to master easy to apply in the classroom Its underlying aim is to help teachers become au fait with the terminology used in modern ELT coursebooks and to build confidence in their ability to explain grammar rules both structural and functional Among the bold innovations with this book is its A4 size which more readily accommodates the plentiful and highly commended tables of grammar items It is also the first English teacher s grammar to use tree diagrams to show sentence constituents in full clarity Other strengths include the many excerpts from coursebooks and resource books plus the excellent practical tips throughout **The Teacher's**

Grammar of English with Answers Ron Cowan, 2008-05-26 The Teacher s grammar of English enables English language teachers and teachers in training to fully understand and effectively teach English grammar With comprehensive presentation of form meaning and usage along with practical exercises and advice on teaching difficult structures it is both a complete grammar course and an essential reference text Back cover **Grammar for English Language Teachers**

Martin Parrott, 2000-03-30 Grammar for English Language Teachers helps teachers to develop their overall knowledge and understanding of English grammar and provides a quick source of reference in planning lessons and clarifying learners problems Each chapter includes a Typical difficulties section which explores learners problems and mistakes The book encourages teachers to appreciate the range of factors which affect grammatical choices but also introduces the rules of thumb presented to learners in course materials The Consolidation exercises provide an opportunity for teachers to test the rules against real language use and to evaluate classroom and reference materials The book is organised thematically but also provides a short cut index at the beginning for ease of reference There is also a Cambridge ELT website with further chapter by chapter extension exercises to accompany the book *Grammar for English Language Teachers* Martin

grammar Functional English Grammar is suitable for self study or as a textbook in teacher education programs

Grammar for Teachers Andrea DeCapua,2016-07-28 Updated and revised with more examples and expanded discussions this second edition continues the aim of providing teachers with a solid understanding of the use and function of grammatical structures in American English The book avoids jargon and presents essential grammatical structures clearly and concisely Dr DeCapua approaches grammar from a descriptive rather than a prescriptive standpoint discussing differences between formal and informal language and spoken and written English The text draws examples from a wide variety of authentic materials to illustrate grammatical concepts The many activities throughout the book engage users in exploring the different elements of grammar and in considering how these elements work together to form meaning Users are encouraged to tap into their own often subconscious knowledge of grammar to consciously apply their knowledge to their own varied teaching settings The text also emphasizes the importance of understanding grammar from the perspective of English language learners an approach that allows teachers to better appreciate the difficulties these learners face Specific areas of difficulties for learners of English are highlighted throughout
