Nietzsche and Classical Greek Philosophy Daw-Nay N. R. Evans Jr., 2016-12-21 Nietzsche and Classical Greek Philosophy Beautiful and Diseased explains Friedrich Nietzsche's ambivalence toward Socrates Plato and Aristotle Daw-Nay N R Evans Jr argues that Nietzsche's relationship to his classical Greek predecessors is more subtle and systematic than previously believed He contends that Nietzsche's seemingly personal attacks on his philosophical rivals hide philosophically sophisticated disputes that deserve greater attention Evans demonstrates how Nietzsche's encounters with Socrates Plato and Aristotle reveal the philosophical influence they exercised on Nietzsche's thought and the philosophical problems that he sought to address through those encounters Having illustrated Nietzsche's ambivalence regarding Socrates Plato and Aristotle Evans draws on Nietzsche's admiration for Heraclitus as a counterpoint to Plato to suggest that the classical Greek philosophers are just as important to Nietzsche's thought as their pre Socratic precursors This book will appeal to those interested in continental philosophy ancient philosophy and German studies *The Encyclopædia Britannica* Hugh Chisholm, James Louis Garvin, 1926 **Our Navy, the Standard Publication of the U.S. Navy**, 1926 *The Living Age*, 1917 *The Nietzschean Mind* Paul Katsafanas, 2018-02-19 Friedrich Nietzsche 1844 1900 is widely acknowledged as one of the greatest thinkers of the nineteenth century His work continues to have a significant influence on philosophy cultural criticism and modern intellectual history *The Nietzschean Mind* seeks to provide a comprehensive survey of his work not only placing it in its historical context but also exploring its contemporary significance Comprising twenty eight chapters by a team of international contributors the volume is divided into seven parts Major works Philosophical psychology and agency The self Value Culture society and politics Metaphysics and epistemology The affirmation of life This handbook includes coverage of all major aspects of Nietzsche's thought including his discussions of value culture society the self agency action

philosophical psychology epistemology and metaphysics explorations of the philosophical and scientific influences upon Nietzsche's thought and discussion of Nietzsche's major works Essential reading for students and researchers in philosophy Nietzsche's work is central to ethics moral psychology and political philosophy Nietzsche, Naturalism, and Normativity Christopher Janaway, Simon Robertson, 2012-09-27 Nietzsche Naturalism and Normativity comprises ten original essays which critically engage with one of the western canon's most controversial ethical thinkers Bringing together an internationally renowned line up of Nietzsche specialists and mainstream moral philosophers the volume provides a timely and distinctive contribution to our understanding of both Nietzsche and his significance for ethical thought more generally As well as clarifying Nietzsche's own views both critical and positive ethical and meta ethical the articles connect Nietzsche's philosophical concerns to contemporary debates in and about ethics normativity and value The volume's topics include the nature and scope of Nietzsche's critique of morality the character of the positive ideals Nietzsche advances in light of that critique the meta ethical commitments underpinning the substantive views he variously opposes and espouses his conception of human psychology and its relation to normativity and value and more generally the relation between Nietzsche's revaluative ambitions and the naturalistic worldview it has become common to attribute to him With an editors introduction providing a comprehensive and accessible background to these topics including a state of the art overview of the interpretative and philosophical controversies Nietzsche's normative and naturalistic endeavours raise Nietzsche Naturalism and Normativity stands at the cutting edge of current work in the field and is essential reading for anyone interested in the challenges Nietzsche poses for dominant models of moral philosophy *Nietzsche and the Problem of Subjectivity* João Constâncio, Maria João Mayer Branco, Bartholomew Ryan, 2015-10-16 Nietzsche's critique of the modern subject is often presented as a radical break with modern philosophy and associated with the so called death of the subject in 20th century philosophy But Nietzsche claimed to be a psychologist who was trying to open up the path for new versions and sophistications of the soul hypothesis Although there is no doubt that Nietzsche gave expression to a fundamental crisis of the modern conception of subjectivity both from a theoretical and from a practical existential perspective it is open to debate whether he wanted to abandon the very idea of subjectivity or only to pose the problem of subjectivity in new terms The volume includes 26 articles by top Nietzsche scholars The chapters in Part I Tradition and Context deal with the relationship between Nietzsche's views on subjectivity and modern philosophy as well as with the late 19th century context in which his thought emerged Part II The Crisis of the Subject examines the impact of Nietzsche's critique of the subject on 20th century philosophy from Freud to Heidegger to Dennett but also in such authors as Deleuze Foucault Derrida or Luhmann Part III Current Debates From Embodiment and Consciousness to Agency shows that the way in which Nietzsche engaged with such themes as the self agency consciousness embodiment and self knowledge makes his thought highly relevant for philosophy today especially for philosophy of mind and ethics **Nietzsche's Immoralism** Donovan Miyasaki, 2022-10-19 Nietzsche's

Immoralism begins a two volume critical reconstruction of a socialist democratic and non liberal Nietzschean politics Nietzsche's ideal of amor fati love of fate cannot be individually adopted because it is incompatible with deep freedom of agency However we can create its social conditions thanks to an underappreciated aspect of his will to power psychology We are driven not toward domination and conquest but toward resistance contest and play a heightened feeling of power provoked by equal challenges that enables the non instrumental affirmation of suffering This incompatibilist anti teleological psychology leads to Nietzsche's distinctive immoralism the abandonment of cultural means of human improvement for a historical materialist politics of breeding that produces future higher types through changes to our political order's material conditions Politics becomes first philosophy it is not grounded in moral values but is instead the very source of their legitimacy Moreover despite Nietzsche's professed aristocratism his immoralism offers a stronger foundation for a renewed left attacking conservative politics at its very root the belief in moral order authority and responsibility

Politics After Morality Donovan Miyasaki, 2022-10-19 This book completes the project begun in Nietzsche's Immoralism Politics as First Philosophy of critically reconstructing a Nietzschean left politics Nietzsche's incompatibilist ideal of amor fati requires reconceiving legitimacy as the breeding of a people whose material conditions enable it to affirm its social order Justice is founded in a future higher type's right to exist against present individuals who internalize the contradictions of past societies In opposition to Nietzsche's self undermining aristocratism this right can only be realized through a universal promotion of the pluralistic unity of the manifold soul secured by an equally manifold form of democracy Against the covert aristocratism of liberal proceduralism authentic democracy produces a true people grounded in shared concrete happiness requiring a comprehensive egalitarianism maintained by a permanent socialist state and achievable only through a populist coalitional politics across identities that radically transforms the material conditions of our shared social life

Nietzsche's Metaphysics of the Will to Power Tsarina Doyle, 2018-02-15 Presents a fresh interpretation of Nietzsche's controversial account of nature and value in relation to Kant and Hume

Power of Freedom Chih-Ping Chou, Carlos Lin, 2022-10-17 Collection of several previously unpublished works from one of China's most important scholars in the 20th century

Nietzsche and Morality Brian Leiter, Neil Sinhababu, 2007-02-15 This volume capitalizes on a growth of interest in Nietzsche's work on morality from two sides from scholars of the history of philosophy and from contributors to current debates on ethical theory

Nietzsche on Mind and Nature Manuel Dries, Peter J. E. Kail, 2015 New essays explore aspects of Nietzsche's philosophy connecting mind and nature

Nietzsche and Contemporary Ethics Simon Robertson, 2020-06-19 Nietzsche is one of the most subversive thinkers of the western philosophical canon Yet until recently his ethics has been sidelined within Anglophone moral philosophy Simon Robertson offers the first sustained single authored critical assessment of his ethical thought and its significance arguing that Nietzsche raises well motivated challenges to morality's objectivity authority and value Nietzsche and Contemporary Ethics develops insightful arguments about ethical objectivity the pitfalls of

internalising moral values and the relation between good and bad Robertson concludes by considering Nietzsche's broader import how he challenges our usual views of what ethics itself is and what it and we should be doing **The Oxford Handbook of Nietzsche** Ken Gemes, John Richardson, 2013-09-05 The diversity of Nietzsche's books and the sheer range of his philosophical interests have posed daunting challenges to his interpreters This Oxford Handbook addresses this multiplicity by devoting each of its 32 essays to a focused topic picked out by the book's systematic plan The aim is to treat each topic at the best current level of philosophical scholarship on Nietzsche The first group of papers treat selected biographical issues his family relations his relations to women and his ill health and eventual insanity In Part 2 the papers treat Nietzsche in historical context his relations back to other philosophers the Greeks Kant and Schopenhauer and to the cultural movement of Romanticism as well as his own later influence in an unlikely place on analytic philosophy The papers in Part 3 treat a variety of Nietzsche's works from early to late and in styles ranging from the aphoristic *The Gay Science* and *Beyond Good and Evil* through the poetic mythic *Thus Spoke Zarathustra* to the florid autobiography *Ecce Homo* This focus on individual works their internal unity and the way issues are handled within them is an important complement to the final three groups of papers which divide up Nietzsche's philosophical thought topically The papers in Part 4 treat issues in Nietzsche's value theory ranging from his metaethical views as to what values are to his own values of freedom and the overman to his insistence on order of rank and his social political views The fifth group of papers treat Nietzsche's epistemology and metaphysics including such well known ideas as his perspectivism his *INSERT* Included in Starkmann 40% promotion September October 2014 being and his thought of eternal recurrence Finally Part 6 treats another famous idea the will to power as well as two linked ideas that he uses will to power to explain the drives and life This Handbook will be a key resource for all scholars and advanced students who work on Nietzsche Priestley's England John Baxendale, 2007 Priestley's England is the first full length academic study of J B Priestley novelist playwright screen writer journalist and broadcaster political activist public intellectual and popular entertainer one of the makers of twentieth century Britain and one of its sharpest critics This book will appeal to all those interested in the culture and politics of twentieth century Britain in the continuing debates over Englishness to which Priestley made such a key contribution and in the life and work of one of the most remarkable and popular writers of the past century Jacket *Thomas Mann* T. J. Reed, 1996-09-19 T J Reed's study has long established itself as the standard work in English on Thomas Mann and offers as comprehensive a view of Mann's fiction and thought as is available in any language It is based on a coherent close reading of Mann's oeuvre literary and political and also on manuscripts and sources and was part of the first phase of literary scholarship that opened up the resources of the Zurich Thomas Mann Archive Further documents that have appeared since then Mann's diaries notebooks and other correspondences have not fundamentally altered the individual interpretations or the overall picture the study offers and in some respects have emphatically confirmed them A further chapter added to this edition covers the new
