Dodd,Christopher A. Faraone,2013-09-05 Scholars of classical history and literature have for more than a century accepted initiation as a tool for understanding a variety of obscure rituals and myths ranging from the ancient Greek wedding and adolescent haircutting rituals to initiatory motifs or structures in Greek myth comedy and tragedy In this books an international group of experts including Gloria Ferrari Fritz Graf and Bruce Lincoln critique many of these past studies and challenge strongly the tradition of privileging the concept of initiation as a tool for studying social performances and literary texts in which changes in status or group membership occur in unusual ways These new modes of research mark an important turning point in the modern study of the religion and myths of ancient Greece and Rome making this a valuable collection across a number of classical subjects **Initiation into the Mysteries of the Ancient World** Jan N.

Bremmer,2014-07-28 The ancient Mysteries have long attracted the interest of scholars an interest that goes back at least to the time of the Reformation After a period of interest around the turn of the twentieth century recent decades have seen an important study of Walter Burkert 1987 Yet his thematic approach makes it hard to see how the actual initiation into the Mysteries took place To do precisely that is the aim of this book It gives a thick description of the major Mysteries not only of the famous Eleusinian Mysteries but also those located at the interface of Greece and Anatolia the Mysteries of Samothrace Imbros and Lemnos as well as those of the Corybants It then proceeds to look at the Orphic Bacchic Mysteries which have become increasingly better understood due to the many discoveries of new texts in the recent times Having looked at classical Greece we move on to the Roman Empire where we study not only the lesser Mysteries which we know especially from Pausanias but also the new ones of Isis and Mithras We conclude our book with a discussion of the possible influence of the Mysteries on emerging Christianity Its detailed references and up to date bibliography will make this book indispensable for any scholar interested in the Mysteries and ancient religion but also for those scholars who work on initiation or esoteric rituals which were often inspired by the ancient Mysteries Selected Information on Proposed Snake River Reclamation Project, Including Hells Canyon Dam United States. **The Wisdom of Sound and Number** Leeya Thompson,2006-11 For thousands of years the science of numerology has provided guidance inspiration and help with life s questions Rooted in the ancient spiritual traditions of the Middle East The Wisdom of Sound and Number accurately reveals your life patterns giving you a window into your own soul Armed with new knowledge about your life purpose you will be able to make better choices about your future A valuable spiritual tool this book can open up your life in new ways Whether seeking spiritual wisdom breaking through creative blocks resolving relationship questions or

braving life's many issues The Wisdom of Sound and Number makes the challenge easier Leeya Thompson is a scholar and a visionary bringing impeccable research and fierce intellectual discipline to her work She follows the trail of the ancient art of gematria back to its earliest roots in Middle Eastern culture and creates a remarkable tool for understanding and change William Moore Educator and Reader of the Tree of Life and Tarot I recently had the privilege of experiencing a sound and numerology reading from Leeya Thompson I was grateful not only for her insight but for her ability to express what was revealed in my numbers and name sounds in ways that were both accessible and deeply meaningful Leeya uses a delightful economy of words communicating the essences that combine to create my unique portrait I found the progression of themes for each life phase especially helpful It is rare to have a reading that takes in the sweep of a life while giving precise indications as well I came away with a sense of focused hope fueling personal momentum a rare commodity in today's circumstances And a testament to Leeya's skill and wisdom Anne Oliver Counselor of Mediation Wallowa-Whitman National Forest (N.F.) [OR, ID], Hells Canyon National Recreation Area (N.R.A.), Snake River Recreation Wild and Scenic River(s) (WSR) Management Plan, 1994 **Making a Mantra** Ellen Gough, 2021-10-11 Jainism originated in India and shares some features with Buddhism and Hinduism but it is a distinct tradition with its own key texts art rituals beliefs and history One important way it has often been distinguished from Buddhism and Hinduism is through the highly contested category of Tantra Jainism unlike the others does not contain a tantric path to liberation But in Making a Mantra historian of religions Ellen Gough refines and challenges our understanding of Tantra by looking at the development over two millennia of a Jain incantation or mantra that evolved from an auspicious invocation in a second century text into a key component of mendicant initiations and meditations that continue to this day Typically Jainism is characterized as a celibate ascetic path to liberation in which one destroys karma through austerities while the tantric path to liberation is characterized as embracing the pleasures of the material world requiring the ritual use of mantras to destroy karma Gough however argues that asceticism and Tantra should not be viewed in opposition to one another She does so by showing that Jains perform tantric rituals of initiation and meditation on mantras and alas Jainism includes kinds of tantric practices Gough provocatively argues because tantric practices are a logical extension of the ascetic path to liberation
