Epistolarity and World Literature, 1980-2010 Rachel Bower, 2017-09-29 This book examines the striking resurgence of the literary letter at the end of the long twentieth century It explores how authors returned to epistolary conventions to create dialogue across national linguistic and cultural borders and repositions a range of contemporary and postcolonial authors never considered together before including Monica Ali John Berger Amitav Ghosh Michael Ondaatje and Alice Walker Through a series of situated readings the book shows how the return to epistolarity is underpinned by ideals relating to dialogue and human connection Several of the works use letters to present non anglophone material to the anglophone reader Others use letters to challenge policed borders the prison occupied territory the nation state Elsewhere letters are used to connect correspondents in different cultural and linguistic contexts Common to all of the works considered in this book is the appeal that they make to us as readers and the responsibility they place on us to respond to this address By taking the epistle as its starting point and pursuing Auerbach's speculative ideal of weltliteratur this book turns away from the dominant trend of distant reading in world literature and shows that it is in the close situated analysis of form and composition that the concept of world literature emerges most clearly This study seeks to re think the ways in which we read world literature and shows how the literary letter in old and new forms speaks powerfully again in this period

Places and Names Elliot Ackerman,2019 From a decorated Marine war veteran and National Book Award finalist an astonishing reckoning with the nature of combat and the human cost of the wars in Iraq Afghanistan and Syria War hath determined us John Milton Paradise Lost Toward the beginning of *Places and Names* Elliot Ackerman sits in a refugee camp in southern Turkey across the table from a man named Abu Hassar who fought for al Qaeda in Iraq and whose connections to the Islamic State are murky At first Ackerman pretends to have been a journalist during the Iraq War but after establishing a rapport with Abu Hassar he takes a risk by revealing to him that in fact he was a Marine special operation officer Ackerman then draws the shape of the Euphrates River on a large piece of paper and his one time adversary quickly joins him in the game of filling in the map with the names and dates of places where they saw fighting during the war They had shadowed each other for some time it turned out a realization that brought them to a strange kind of intimacy The rest of Elliot Ackerman s extraordinary memoir is in a way an answer to the question of why he came to that refugee camp and what he hoped to find there By moving back and forth between his recent experiences on the ground as a journalist in Syria and its environs and his deeper past in Iraq and Afghanistan he creates a work of remarkable atmospheric pressurization Ackerman shares vivid and powerful stories of his own experiences in combat culminating in the events of the Second Battle of Fallujah the most intense urban combat for the Marines since Hue in Vietnam where Ackerman s actions leading a rifle platoon saw him awarded the Silver Star He weaves these stories into the latticework of a masterful larger reckoning with contemporary geopolitics through his vantage as a journalist in Istanbul and with the human extremes of both bravery and horror At once an intensely personal story about the terrible lure of combat and a brilliant meditation on the larger meaning of the past two

decades of strife for America the region and the world Places and Names bids fair to take its place among our greatest books about modern war

Osama's Jihad Hani Selim, 2019-04-22 It is an empowering novel it is a conversation starter It addresses both Homophobia and Islamophobia it sheds light on both matters through the eyes of the main character Osama living in two

different worlds It is a story of unconditional love it is about the ties that bind a family together The story offers an insight into the lives of average Muslim families living in the West with strong ties to the Middle East It s not what you think It s not what you re expecting It s not a defense a diatribe or an endorsement Osama s Jihad instead is an extraordinary novel that takes you from New York City to Cairo to Makkah and back again as our protagonist Osama grows from childhood to manhood through a series of dizzying experiences After the death of his beloved father the adult Osama is adrift in guilt recriminations and self doubt Despite their strong and devoted relationship an incident in the family years before had uprooted the adolescent Osama his mother and sister from New York to Cairo Osama finds a passionate and all encompassing love in neighbor Nora but shocking revelations about her lead to anguish scarring and possibly permanent ruin It is clear that Osama needs to acknowledge his past and accept his own culpability as well as find a road to his future We identify with him as his vulnerability and self loathing threaten to overtake his desire to live and to see his son grow to manhood Indeed Osama is living his jihad the spiritual struggle within that every human must confront and triumph over Osama s Jihad is a story with universal relevance that is unique in its ability to cross between post terrorism irrationality and the unifying powers of love understanding and acceptance It bridges cultures nationalism and religions in a way unlike anything you ve read before It s not very often that I come across a story that touches my heart so deeply that it resonates with my every emotion To say that I fell in love with the story and its characters from the very beginning would not come close to accurately depicting the intensity of my admiration for it It is my strong belief that Hani Selim has impressively found a way to create a story encompassing so many important topics affecting the world today He has accomplished this in a selfless effort to magnify humanity I am not an Arab I am not a Muslim and I am not a Homosexual I am a mother As a mother it pains me to think of all the hatred that some children have to face because of such classifications To be a supporter of this book and its continued production would be a step in the right direction on the path to a better world I know that whoever reads this novel will walk away with an increased knowledge of what it feels like to be a person placed in such categories They will be exposed to the struggles one must face in an effort to secure basic freedoms deserved by all human beings This novel will pull at your heart strings and dig deep within your soul to distinguish a new sense of empathy It really is a story that has something for everyone but in the end it all comes down to love I predict a definite best seller
