Aspiring and Inspiring Rebecca Garcia, Pamela E. Harris, Dandrielle Lewis, Shanise Walker, 2023-07-26 Aspiring and Inspiring is a collection of essays from successful women and gender minority mathematicians on what it takes to build a career in mathematics The individual essays are intended to advise encourage and inspire mathematicians throughout different stages of their careers Themes emerge as these prominent individuals describe how they managed to persist and rise to positions of leadership in a field which can still be forbidding to many We read repeatedly that individual mentorship matters that networks of support can be critical and that finding fulfillment can mean formulating one s own definition of success Those who aspire to leadership in the field will find much useful advice here The cumulative power of the collection carries a strong impact The glass ceiling is very real in mathematics and is the result of cultural and sociological factors at work in our community The book makes clear that we won t achieve equality of opportunity merely by exhorting those who are often excluded to change their behaviors and their goals The need for systemic cultural change is vividly at times painfully evident in these stories As Dr Erica Graham says in her powerful and moving essay we need a different kind of academy and well only get it by working for it We can start by reading this book and recognizing the kind of academy we currently have My Inspiring Journey with God Barbara Kendall PH.D., 2020-06-04 My Inspiring Journey with God is a book of true facts It s about a little girl too young to know who God was yet He had total control of her life and led her on a fascinating journey This Inspiring story will keep you in suspense make you laugh perhaps even cry Then just when you think you ve figured out what s going to happen next the story change One clue I will share with the reader is everyone has their own journey and different seasons in life There is a beginning of our journey no matter who we are At God's appointed time there will be an ending to all of our journeys Your journey will not have the same beginning or ending as the little girl in the story because God has made us different and unique in our own ways God is an inspirational God and will encourage or prompt us to do what may seem to be far fetched At least that s the way it was for the little girl who had an inspiring journey with God Get ready to sit on the edge of your seat as you spiritually travel with me on My Inspiring Journey with God The Inspiring School Change Christine Hall, Pat American Mercury George Jean Nathan, Henry Louis Mencken, 1929 Thomson, 2017-04-28 Recognising performance and accountability pressures on schools Inspiring School Change shows how a commitment to the arts in education can meet core school agendas of pupil and parent engagement attainment improved teaching and inclusion Schools are under pressure to develop their students creativity and to improve their cultural education This book fills a gap by marshalling the arguments and evidence for a form of education in through and with the arts that moves beyond individual projects to become central to teaching learning and school reform When the arts are taken seriously schools become different and better places Using research evidence to promote greater awareness of the capacity of the arts to promote educational change this text captures four key themes that run through all of the chapters Inspiration sharing experiences and the way they happened documenting inspiring pedagogy by understanding the reason it was done the factors and the people involved in making it work School change the need for schools to better prepare young people for the lives they will live in the twenty first century to engage young people more effectively and so educate them better and the recognition that in an unequal society schools can contribute to making things fairer Creative arts demonstrates through international research how the arts can facilitate whole school learning meet core agendas such as attainment inclusion and promote lifelong learning Transforming education marshals the arguments and evidence for a form of education in through and with the arts that moves beyond individual projects to become central to teaching learning and school reform Tackling the hot topics of parent and pupil engagement standards and accountability in a fresh way Inspiring School Change offers those engaged in the research and practice of improving teaching and learning with insight into the educational value and possibilities of arts based teaching and an arts rich curriculum Chicken Soup for the Soul Series: The Power of Positive: 101 Inspirational Stories about
