John Boles,2022-01-25 This is not a professionally written cookbook but is a representation of homegrown family cooking Minus a few corporate inspired recipes and one professional carrot cake recipe *My Little Book of Kitchen Recipes* is a collection of hand me down family recipes from one generation to the next The design of this book has been left plain because in the author s opinion too many illustrations cause distractions in the kitchen It is his hope that by providing the space to enter a recipe or alter an existing one more people will take up cooking again and continue to pass these and other recipes on to future generation **The French Don't Diet Plan** Dr. William Clower,2010-04-28 The most delicious and decadent way to lose weight lower cholesterol and increase energy Wouldn t you rather savor a buttery croissant instead of inhaling an artificially flavored diet shake Isn t taking a relaxing stroll preferable to pounding out early morning miles on the treadmill The French live this way yet stay thin and healthy Now with The French Don t Diet Plan you can too In his groundbreaking book *The Fat Fallacy* Dr Will Clower was the first to present a theory of how the French maintain low obesity

and heart disease rates despite their seemingly unhealthy lifestyle Dr Clower learned that the French don't worry about dieting but rather are more concerned with how they eat That means paying attention to the taste pacing and enjoyment of meals instead of counting calories cutting fat and carbs or taking guilt trips to the gym Now in The French Don't Diet Plan Dr Clower shows how easy it is to incorporate his remarkably effective techniques and the French lifestyle into a busy American day Dr Clower has found that natural foods have overwhelmingly been pushed out of the American diet by what he calls faux foods processed additive filled convenience products often marketed as healthy with buzzwords like low fat and low carb In addition mealtimes should be a slow sensual break for the body and mind not a face stuffing frenzy while standing up in the kitchen or sitting behind the wheel As a result of such habits Dr Clower says we are not eating what our bodies need and we're eating in a way that is not conducive to proper digestion Science shows this precise combination of factors causes weight gain The French approach is about taking the time to enjoy real food without guilt or deprivation Not only a successful path to becoming thin for life The French Don't Diet Plan will help you put joie de vivre back into your relationship with food Formerly forbidden foods welcome back Learn why butter cheese bread and chocolate are health foods that keep hunger at bay Spend more time eating Discover why you should plan on having seconds and make meals last longer Hate to work out Find out why you don't have to exercise to lose pounds and how relaxation can help keep weight off for good Now you're cooking Enjoy dozens of easy recipes for satisfying comfort foods from Hot Artichoke Cheese Dip to Creamy Alfredo Sauce and Double Almond Biscotti to Practically Flourless Chocolate Cake
