Game Changer Emma Lea,2021-04-11 No one ever got a second chance to make a great first impression That was something Jack Daniels knew all too well Yes that was his real name No he was not related to that Jack Daniels Jack wouldn't normally care what someone else thought of him but when it impacted his job That was another matter entirely It wasn't even his fault not really If anyone was to blame for Jack making an absolute fool of himself in front of his new neighbour it was his friend Carter But now Jack had to make things right or he would miss out on the biggest coup of his career Dianna Fletcher was just trying to live her best life Yes she suffered with chronic pain and no it wasn't all in her head It made getting in to the office every day a bit of a challenge but that was what the internet was for right Working from home was a legitimate way to do her job even if some people didn't agree Besides she was currently experiencing one of the highest points of her career as a game designer the launch of a game she conceptualised and ran point on from design to production and the biggest game to come out of Black Sheep Software and Gaming ever She was living the dream and it should have been the best time of her life if not for the little snag of the grumpy DILF living next door Dianna would have quite happily gone on ignoring Jack for the rest of eternity but her boss had other ideas Now Dianna and Jack had to work together in order to promote her game launch Dianna would have been quite happy to work with anyone else at The Playbook but that wasn't an option Jack the grumpy DILF next door was the guy who could take her game launch from good to great Working with Jack would be a game changer if only she didn't hate him so much
