adapted for several films many television programs and a long list of stage plays Emma Jane Austen,1998 Cambridge Literature is a series of literary texts edited for study by students aged 14 18 in English speaking classrooms Copyright Libri GmbH All rights reserved The Reception of Jane Austen in Europe Anthony Mandal,Brian Southam,2007-10-13 This volume of international research provides a wide ranging account of Jane Austen s reception across the length and breadth of Europe from Russia and Finland in the North to Italy and Spain in the South In historical terms the survey ranges from the near contemporary since Austen s novels were available in French very soon after their original publication to modern times in those countries which for various reasons linguistic historical or ideological have taken up the novels only in recent years For many Austen s novels are valued for their romantic content as love stories but increasingly they are being perceived as sophisticated ironic narratives In this the quality of translation has been a significant factor and the many film and television adaptations have played an important part in establishing Austen s reputation amongst the public at large It will be seen from this that across Europe Austen s reception history is far from uniform and has been shaped by a complex of extra literary forces Jane Austen and Altruism Magdalen Ki,2020-02-26 Jane Austen and Altruism identifies a compelling theme namely the view that Jane Austen propounds a rigorous boundary sensitive model of altruism that counters the human propensity to selfishness and promotes the culture of cooperation In her days altruism was commonly known as benevolence charity or philanthropy and these concepts overlap with Auguste Comte s later definition of altruism as otherism This volume argues that Austen s thinking co opts the evolutionary idea that altruism is seldom truly pure egoism cannot be eradicated and boundless group altruism is not sustainable However given that she comes from a naval and clergy family she witnesses the power of wartime patriotism the Evangelical revival the Regency culture of politeness and the sentimental novels In her novels she locates human relationships along an altruism continuum that ranges from enlightened selfishness to pathological altruism Unconditional love is hard to find but empathy kin altruism reciprocal exchange and group altruism are key to the formation of self identity family community and the nation state
