**Selected Fables** Jean de La Fontaine,2014-03-13 La Fontaine s verse fables turned the traditional folktales derived from Aesop and a range of Oriental sources into some of the greatest and best loved poetic work in French His versions of stories such as The Hare and the Tortoise and The Wolf and the Lamb are witty and sophisticated satirizing human nature in miniature dramas in which the outcome is always unpredictable The behaviour of both animals and humans is usually centred on deception and cooperation or the lack of it as they cheat and fight each other arguing about life and death property and food in an astonishing variety of narrative styles The fables have long been popular with all ages though their ironic take on contemporary society in French aristocratic circles is best appreciated by adults This new translation by Christopher Betts matches the original in inventiveness and subtlety It includes half of the fables first published in twelve books between 1668 and 1693 across the full range of subjects and themes The fables are illustrated with a selection of Gustave Dor s majestic engravings and an introduction offers insights into La Fontaine s life and literary artistry
