Corporate Governance, Capital Markets, and Capital Budgeting Baliira Kalyebara, Sardar M. N. Islam, 2013-07-31

The primary contribution of this book is to integrate the important disciplines which simultaneously impact the investment appraisal process. The book presents a study that develops a new approach to investment appraisal which uses a multiple objective linear programming MOLP model to integrate the selected disciplines which include capital markets, corporate governance and capital budgeting. The research covers two case studies: one in the e-commerce sector and another in the airline industry in which the above disciplines are integrated. Readers from the areas of corporate governance, regulation and accounting would find the survey of different approaches and the new integrated optimization approach particularly useful.

Financial Analysis, Planning And Forecasting: Theory And Application (Third Edition) Cheng Few Lee, John C Lee, 2016-08-10

This book is an introduction level text that reviews, discusses and integrates both theoretical and practical corporate analysis and planning. The field can be divided into five parts: 1 Information and Methodology for Financial Analysis, 2 Alternative Finance Theories and Cost of Capital, 3 Capital Budgeting and Leasing Decisions, 4 Corporate Policies and their Interrelationships, 5 Financial Planning and Forecasting. The theories used and discussed in this book can be grouped into the following classical theoretical areas of corporate finance: 1 Pre-M and alternative planning and forecasting models are used to show how the interdisciplinary approach can be used to make meaningful financial management decisions. In this third edition, we have extensively updated and expanded the topics of financial analysis, planning and forecasting. New chapters were added and some chapters combined to present a holistic view of the subject and much of the data revised and updated.
