Gemstar Epidural Pump Manual

Judd E. Hollander

Gemstar Epidural Pump Manual:

Acute Pain Management Raymond S. Sinatra, Oscar A. de Leon-Cassasola, Eugene R. Viscusi, Brian Ginsberg, 2009-04-27

This textbook is written as a comprehensive overview of acute pain management. It is designed to guide clinicians through an impressive array of different options available to them and to patients. There has been a flurry of interest in the extent to which acute pain can become chronic pain and how we might reduce the incidence of such chronicity. This overview covers a wide range of treatments for pain management including the anatomy of pain pathways, the pathophysiology of severe pain, pain assessment, therapeutic guidelines, analgesic options, organization of pain services, and the role of anesthesiologists, surgeons, pharmacists, and nurses in providing optimal care. It also discusses the use of patient-controlled analgesia and how this may or may not be effective and useful.

Mergent Industrial Manual, 2003 *Evidence-Based Competency Management System* Barbara A. Brunt, 2008-03-28

Annotation: End your struggle to assess, validate, and document the competency of your nurses. Assess nurses in five key specialties. Now you don't have to spend time researching evidence-based competencies to assess your nurses' skill sets. Author Barbara A. Brunt, MA, MN, RN, BC, has taken her best-selling toolkit and cited each competency with solid, reputable evidence so you can benchmark your staff against industry standards. *Evidence-Based Competency Management System Toolkit for Validation and Assessment, Second Edition* ensures you have everything you need to meet and exceed evidence-based competency requirements. This binder and CD-ROM pair is a complete evidence-based competency program created specifically for assessing, validating, and documenting the skills of your nurses. You'll find proven tips and strategies for effectively evaluating the training needs of your staff. This toolkit will bring you the evidence-based solutions you need to ensure safe patient care in the Medical Surgical Unit, Operating Room, Emergency Department, Obstetrics Unit, Intensive Care Unit, and more. What's included: This proven and easy-to-use resource provides 206 evidence-based competency skill sheets plus 29 role-related checklists we've done the work for you by putting together ready-to-use assessment skill sheets. 150 pages of invaluable information to help you develop or revamp your competency assessment program. Best practices for selecting annual competencies for validation. The Competencies Analyzer spreadsheet to help you document and track staff skills. A CD-ROM containing each skill sheet ready for you to implement or customize for use in your facility today. *Evidence-Based Competency Management System Toolkit for Validation and Assessment, Second Edition* is jam-packed with expert advice to help you schedule and organize competency assessments. Develop an evidence-based competency assessment program. Recognize the differences between mandatory annual training and competency validation. Maintain a consistent validation system. Keep up with new competencies. Table of Contents at a glance. Chapter 1: Why is competency validation required? Chapter 2: What is competency validation? Chapter 3: Include competency validation in job descriptions and the performance evaluation process. Chapter 4: Train staff to perform competency validation. Chapter 5: Keep up with new competencies. Chapter 6: Using your skills checklists. Learning objectives. Design a competency plan to

effectively assess employee competence Identify advantages of competency based education Describe methods of validating competencies Recognize the benefits of incorporating competency assessment into job descriptions and performance evaluation tools Discuss the key elements required of performance based job descriptions Develop a training program to train staff to perform competency assessment Maintain consistency in a competency validation system Identify steps for effective program documentation Recognize the essential qualities needed by competency assessors List potential categories for new competencies Identify best practices for implementing new competencies Discuss dimensions of competencies Differentiate between orientation checklists and skill checklists
