*General Chemistry* Richard Langley, 2020-03 *General Chemistry Understanding Moles Bonds and Equilibria Student Solution Manual Volume 1* is a companion solution manual to *General Chemistry Understanding Moles Bonds and Equilibria Volume 1*. Original problems from the textbook are included alongside detailed explanations and useful base knowledge required to successfully solve each problem. The material in this manual implements the innovative presentation of the material given in the companion textbook. Unlike nearly all chemistry solution manuals on the market, this volume is written by one of the textbook authors. This solutions manual can also be used as a source of additional problems to supplement any foundational chemistry text or course including AP chemistry. It provides students with ample opportunity to build knowledge and mastery of basic chemistry concepts.
