Hiking Circuits in Rocky Mountain National Park is the first guide dedicated entirely to the loop trails of Rocky Mountain  
National Park trails that return hikers to their starting point without the necessity of retracing steps or walking on roads  
Having explored the park extensively for over 30 years Jack and Elizabeth Hailman describe and map 33 circuits and  
component loops with detailed driving instructions to the access points Circuits range from a 15 minute stroll around a lake  
to strenuous all day outings in the high country and even a few multi day backpacking trips Side trips are often  
recommended for viewing a scenic waterfall summit lake or other natural feature A convenient table lists circuits by walking  
time allowing hikers to choose loops designed to fit their schedules Each account includes a map directions to the trailhead  
trail distance estimated hiking time elevation range exertion rating segment descriptions for both clockwise and counter  
clockwise hikes and rail notes about the wildflowers animals and other natural history features encountered by the authors  
Maps show the loop route short access trails where applicable routes of optional side trips trail junctions point to point  
walking distances elevations of the trail points and more Included are appendices for natural history local hiking supply  
stores and fee schedules with an extensive bibliography for reading and reference      **The Regional Travel Guide for the
