

Good-Bye Letter

Dear Parents,

It was a great pleasure to have your little ones in my classroom this year. We learned so many things. Your children are proud because they finally know how to read and write.

This year is over, so now I return your children to you, the same children that you entrusted to my care last fall. I return them with a few more pounds, a few inches taller, and months wiser, more responsible, and more mature than back then.

Even though they would have grown without my help, it has been a pleasure and a privilege to see their personalities grow day by day and see how they have developed in their learning.

We have laughed, played, studied, learned and enriched our lives during the year. Take care of your children, for they are so precious.

Remember that I will always have great interest in your children and their destinies, wherever they may go, whatever they do and whoever they become.

Sincerely,

Goodbye Letter For Kindergarten Students

Dear Linda Anonymous, 2001 Ten years ago I became the adoptive father of a beautiful baby girl. The joy of nurturing my daughter to the brink of her teenage years has been the most fulfilling time of my life. She also has given me the noblest title of all: I am a father. Often during the past decade my thoughts have returned to the memory of a meeting with a young pregnant girl. A young girl whose ultimate loving decision changed the course of my life. I wonder if her thoughts reach across the distance to reflect about her birth child and me. Is she emotionally troubled? Is she at ease with her decision? Does she need to be comforted by the knowledge that her birth child is being raised in a loving and stimulated environment? Dear Linda is an open letter to the birthmother of my child. But it is more. It is an open letter to all birthmothers from the perspective of an adoptive father. Not only does it express profound thanks for a mature and heart wrenching decision, it expresses love. Dear Linda details the events of the past eleven years. Many times emotional and oftentimes humorous, the reader is taken from the tribulations of a couple's infertility to the rigors of the adoption process. Later, the life of a special girl is chronicled. This revealing glimpse of my daughter's life will erase any lingering doubts that the birthmother may harbor about her decision. One learns that a selfless loving act has positively impacted not only a child and a couple, but also an extended family. The birthmother will learn that she touched the lives of several people in ways that she initially couldn't have imagined.

Good Morning Children Sophia E. Pappas, 2010-08 Based on her popular Pre-K Now blog, Sophia Pappas' book *Good Morning Children* provides an up close and personal view of the challenges and successes of a beginning teacher. The book describes daily encounters with students, family members, and administrators, reflects on the state of early childhood education in America, and celebrates the ways the pre-K teacher can help prepare every child to succeed in both school and life.

Chapter by chapter, you will discover how to lead your students into reading books and flowing with writing. You will find how to do this by teaching skills through meaningful reading and writing and by training your students

in the habits they need to be successful You will be guided into quickly evaluating your students and dividing them into small groups where they can learn at their own level and pace moving on and up when they are ready You will learn how to build your students self esteem and self confidence and how to train them to work cooperatively as part of a positive risk free classroom community where everyone is a teacher and learner You will also learn how to keep the excitement and momentum flowing in your classroom all through the year As you use this model with your students you will find that your expectations rise Your enjoyment of teaching will increase as you get caught up in your students energy for learning and their excitement at what they achieve Like the teachers in the McLaughlin Model Pilot Programs you will most likely be amazed at the results **The Kindergarten for Teachers and Parents** ,1904 **Young Children** ,2001 ,
