Valuing Specific Assets in Divorce Robert D. Feder, 2000-01-01. This newly updated guide for matrimonial lawyers and accountants is the companion publication for Feder's *Valuation Strategies in Divorce*. In individual chapters, detailed information is provided on how to evaluate specific types of marital assets, the particular accounting and financial conventions that affect the owner's income from the asset, and the value of the asset and the rules, regulations, and issues peculiar to the particular asset. The reader is also provided with checklists of documents needed to appraise the asset, sources of industry information, lists of trade associations and journals, a bibliography, and a case study and report. Part I on closely held corporations contains chapters devoted to automobile dealerships, media companies, high tech companies, property and casualty insurance companies, construction companies, and small businesses such as bars, restaurants, and gas stations. Part II covers the evaluation of various professional practices, and Part III discusses the valuation of different types of real estate assets. Federal civil service pensions, military pensions, and the pensions provided by Fortune 500 corporations are examined in Part IV. The methodologies for evaluating personal property such as gems, jewelry, and oriental rugs are found in Part V. Besides aiding attorneys and accountants, this publication will be of great assistance to appraisers, actuaries, and pension experts.

Martindale-Hubbell Buyer's Guide, 2004. **Early Stage Valuation** Antonella Puca, 2020-06-23. Addresses significant developments in the valuation of early stage enterprises at fair value, with emphasis on practical applications. Features a broad selection of case studies of early stage valuation. *Early Stage Valuation: A Fair Value Perspective* provides a comprehensive review of the current methodologies used to value Early Stage Enterprises (ESEs) at fair value for financial reporting, investment, and mergers and acquisitions. Author Antonella Puca, Senior Director with Alvarez Marsal Valuation Services in New York, provides accurate, up-to-date information on recent guidelines and new approaches for valuation assessments. This authoritative guide examines how to apply market analysis, discounted cash flows models, statistical techniques such as option pricing models (OPM) and Monte Carlo simulation, the venture capital method, and non-GAAP metrics to ESE valuation. The text considers the most recent AICPA, Appraisal Foundation, and IPEV guidance and examines developments in both academic research and venture capital investor practice. Numerous real-world case studies illustrate early stage valuation suitable for structuring sound, internally consistent business transactions. Covering current trends and the latest regulatory guidance in the area, this book provides step-by-step guidance on practical valuation applications. Reflects current standards for ESE valuation, including the AICPA Guide to the Valuation of Portfolio Company Investments, the IPEV guidelines, and guidance from the Appraisal Foundation. Covers new approaches to the valuation of ESEs with option pricing models, Monte Carlo Simulation, calibration, and non-GAAP metrics. Offers an overview of start-up valuation. Discusses how intangible assets are impacting the valuation of ESEs. The book also includes contributions from Neil
