| <b>Introduction</b>       | <p>Is the information that is being circulated on social media accurate?</p> <p>In the journal "Conspiracy theories in the era of COVID-19: A tale of two pandemics", Richard et al. (2021) discuss about the beginning of the outbreak, the number of COVID-19-related theories has expanded and propagated on social media platforms, mostly in a short period of time.</p> <p>Significance of the argument: According to Richard et al. (2021), Even if social media has made it simpler to spread false information, it is unclear to some of what extent this has led to an increase in the number of individuals believing it.</p> <p><b>Thesis Statement:</b></p> <p>The journal "Conspiracy theories in the era of COVID-19: A tale of two pandemics" by Richard et al. (2021) discusses the mainstream coronavirus conspiracy theories associated with COVID-19 effectively as the author supports the argument with reliable evidence, appeals to readers' logic and positivity of readers.</p> |
| <b>Response Segment 1</b> | <p>→ The journal identifies a number of credible sources, providing a solid foundation for the argument.</p> <ul style="list-style-type: none"> <li>• <b>Examples/Details/Explanation:</b> <ul style="list-style-type: none"> <li>➢ The sources are trusted and from a famous articles and journals</li> <li>➢ A misleading report circulated in late April 2020, claiming that one of the first participants in the UK for the COVID-19 vaccine study suffered from complications (Richard et al., 2021)</li> <li>➢ Reports related to a journal article improve the piece's effectiveness and appeal to readers.</li> </ul> </li> </ul>                                                                                                                                                                                                                                                                                                                                                                 |
| <b>Response Segment 2</b> | <p>→ There is a lot of discussion regarding what the author needs to know and the message he wants to express.</p> <ul style="list-style-type: none"> <li>• <b>Examples/Details/Explanation:</b> <ul style="list-style-type: none"> <li>➢ The author made it clear for the readers that Conspiracy of Covid-19 are spreading fast.</li> <li>➢ It was made evident by using straightforward examples and integrating surveys and researches to convey the concept.</li> </ul> </li> </ul>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| <b>Response Segment 3</b> | <p>→ While bringing some interesting facts, the authors is educating readers about the potential risks involving spreading fake conspiracies.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
