Guillaume De Saintthierry:

A Companion to William of Saint-Thierry F. Tyler Sargent, 2019-03-27 *A Companion to William of Saint Thierry* provides eight new studies on this noted twelfth century Cistercian writer by some of the most prolific English language William scholars from North America and Europe and is structured around William's life, thought and influence. A Benedictine abbot who became a Cistercian monk, William of Saint Thierry c. 1085-1148 lived through the first half of the twelfth century, a time of significant reform within western Christian monasticism. Although William was directly involved in these reforming efforts while at the Benedictine abbey of Saint Thierry, his lasting legacy in Christian tradition comes through his written works, many as a Cistercian monk that showcase his keen intellect, creative thinking and at times profound insight for spiritual life and its fulfilment. Contributors: David N. Bell, Thomas X. Davis, E. Rozanne Elder, Brian Patrick McGuire, Glenn E. Myers, Nathaniel Peters, Aage Rydstrom Poulsen and F. Tyler Sargent. **Body and Spirit in the Middle Ages** Gaia

Gubbini, 2020-08-10 A crucial question throughout the Middle Ages, the relationship between body and spirit cannot be understood without an interdisciplinary approach combining literature, philosophy and medicine. Gathering contributions by leading international scholars from these disciplines, the collected volume explores themes such as lovesickness, the five senses, the role of memory and passions in order to shed new light on the complex nature of the medieval Self. [Learning as Shared Practice in Monastic Communities, 1070-1180](#) Micol Long, 2021-10-11 In this study, Micol Long looks at Latin letters written in Western Europe between 1070 and 1180 to reconstruct how monks and nuns learned from each other in a continuous, informal and reciprocal way during their daily communal life. The book challenges the common understanding of education as the transmission of knowledge via a hierarchical master-disciple learning model and shows how knowledge was also shared, exchanged, jointly processed and developed. Long presents a new and more complicated picture of reciprocal knowledge exchanges which could be horizontal and bottom-up as well as vertical and where the same individuals could assume different educational roles depending on the specific circumstances and on the learning contents. Introduction to the Medieval Mystics of Europe Paul E. Szarmach, 1984-01-01 The European Middle Ages bequeathed to the world a legacy of spiritual and intellectual brilliance that has shaped many of the ideals, preconceptions and institutions we now take for granted. *An Introduction to the Medieval Mystics of Europe* examines this phenomenon in vivid and scholarly accounts of the lives and achievements of those men and women whose genius most inspired their own and subsequent ages. These great mystics explored and consciously realized the relationship between human life and unconditioned transcendence. Representing both the contemplative and scholastic traditions, the mystics in these studies often found their solutions to ultimate questions in radically different ways. Some of them, such as Eckhart, Aquinas and Cusa, may already be familiar, and here the reader will benefit from a new approach and summary of extensive research. Others, such as Smaragdus and several of the women mystics, are little known even to specialists. Finally, and unusually for a study of

European mysticism the influence of Spanish Kabbalists is discussed in relation to the Zohar and two figures from the mystical school of Safed Cordovero and Luria Though the essays focus on individuals the cultural and social implications of their lives and work are never ignored for the mystic way did not exist separately from the rest of medieval life it functioned as an integral part of the whole influencing the development of Christian and Jewish religions in both their internal and external forms

A Companion to Bernard of Clairvaux Brian Patrick McGuire,2011-03-21 Bernard of Clairvaux emerges from these studies as a vibrant challenging and illuminating representative of the monastic culture of the twelfth century In taking on Peter Abelard and the new scholasticism he helped define the very world he opposed and thus contributed to the renaissance of the twelfth century

Mystery of God, Mystery of Christ Ysabel de Andia,2024-03-28 Now available in English for the first time Ysabel de Andia s double exploration of Christian and Hindu mysticism provides a valuable addition to the field Composed from lectures given in Benares in 2015 to priests of the Missions Etrangeres de Paris *Mystery of God* *Mystery of Christ* combines the two main research interests that have defined de Andia s career first an understanding of Christian mysticism as growing out of the Christian mystery of Christ and the sacrament and secondly the relationship between this and Hindu contemplative prayer as articulated by Jules Monchanin Beginning with the Cappadocian fathers de Andai traces the developing interpretation of *Mystery* through Christian thinkers from Origen and Gregory of Nyssa to Basil and Dionysios the Areopagite From here she begins to dovetail this study with an exploration of Hindu contemplation relating the Carmelite mystic St John of the Cross to the Advaitist tradition especially as expounded by Shankara Throughout her masterful understanding of both traditions is apparent For English readers her insight will provide a fresh perspective on this lively subject area

Medieval Sensibilities Damien Boquet,Piroska Nagy,2018-07-26 What do we know of the emotional life of the Middle Ages Though a long neglected subject a multitude of sources spiritual and secular literature iconography chronicles as well as theological and medical works provide clues to the central role emotions played in medieval society In this work historians Damien Boquet and Piroska Nagy delve into a rich variety of texts and images to reveal the many and nuanced experiences of emotion during the Middle Ages from the demonstrative shame of a saint to a nobleman s fear of embarrassment from the enthusiasm of a crusading band to the fear of a town threatened by the approach of war or plague Boquet and Nagy show how these outbursts of joy and pain while universal expressions must be understood within the specific context of medieval society During the Middle Ages a Christian model of affectivity was formed in the laboratory of the monasteries one which gradually seeped into wider society interacting with the sensibilities of courtly culture and other forms of expression Bouquet and Nagy bring a thousand years of history to life demonstrating how the study of emotions in medieval society can also allow us to understand better our own social outlooks and customs

The Immanent Person of the Holy Spirit from Anselm to Lombard Matthew Knell, 2009-11-01 This study shows that there has not yet been any comprehensive study of the person of the Holy Spirit in the twelfth century and that such a study has something to add to concepts of twelfth century thought as well as modern debates in pneumatology The richness of debate that took place with the advent of scholasticism and its clashes with more traditional approaches to Christian study raised issues about western conceptions of the Spirit that were both grounded in scripture And The church fathers writings and thoroughly tested by reason and debate **Authors of the Middle Ages, Volume II, Nos 5-6** Constant J.

Mews, 2016-12-05 Volume II of the AUTHORS OF THE MIDDLE AGES series contains nos 5 6 in the series Peter Abelard by Constant J Mews and Honorius Augustodunensis by V I J Flint PETER ABELARD 1079 1142 was one of the most creative and controversial thinkers of the 12th century This study traces his life as a logician and theologian paying particular attention to the many scholarly debates provoked by the Historia calamitatum and the celebrated exchange of letters with Heloise It contains a full survey of his writings listing the manuscripts in which they occur HONORIUS AUGUSTODUNENSIS c 1098 c 1140 one of the most prolific and widely read authors of the early 12th century was a passionate proselytiser on behalf of the Benedictines This study sets out the extraordinary features of his career and the nature of the battle he fought through his writings Few of his works have appeared in modern editions this study gives short accounts of each and their manuscripts
