Inheriting Dance Marc Wagenbach, Pina Bausch Foundation, 2014-06-15 Inheriting Dance An Invitation from Pina sets out at the historical moment we found ourselves in after the passing of Pina Bausch The Pina Bausch Foundation started their work of carrying the artistic heritage of dancer and choreographer Pina Bausch into the future This book reflects discussions and questions aroused by her work How to archive dance How to deal with the performative heritage at the outset of the 21st century How to describe the performativity of remembering And finally what is the task of an archive for tomorrow an archive to serve as a workshop for the future Furthermore Inheriting Dance provides profound insight into the practical work of the Pina Bausch Foundation on a local national and global level aiming at an archive as a place of transformation exchange creative production and artistic practice similar to an abundantly growing garden A place for future generations of dancers artists non professionals and scholars Contributions by Salomon Bausch Stephan Brinkmann Royd Climenhaga Katharina Kelter Gabriele Klein Sharon Lehner Keziah Claudine Nanevie Linda Seljimi Bernhard Thull Michelle Urban and Marc Wagenbach

Translation in the Performing Arts Enza De Francisci, Cristina Marinetti, 2025-03-31 This innovative collection showcases the interconnectedness of translation and the performing arts drawing on examples spanning languages eras and modes of performance to argue for the importance of re envisioning translation beyond writing Featuring contributions from established and emerging scholars the volume builds on recent epistemological shifts from a genre based view of translation toward a material based approach interested in how performance and embodiment shape translation Chapters highlight the ways in which in the nexus of translation and performing arts we can situate the cross cultural encounters and transnational exchanges that underpin translation beyond the ideology of print and help us to better understand the international

circulation of performative works The volume covers a wide range of embodied practices from immersive theatre and intercultural opera to dance and sign language performance while also incorporating key perspectives from interviews with active practitioners Taken together the collection makes the case for a more nuanced understanding of translation one which accounts for the relationships between translation and the myriad forms of performance that permeate daily life This book will be of particular interest to students and scholars in translation studies visual culture theatre translation performing arts literary studies media studies and reception studies
