Ks2 Designing Pirate Maps:

A-Z of Learning Outside the Classroom Russell Grigg, Helen Lewis, 2016-04-07 Learning outside the classroom has been high on the political agenda for several years now but recent Ofsted reports indicate that this can be confined to termly or yearly trips as an extra. This book provides a convincing and readable promotion of regular outdoor learning. It draws on relevant research to reinforce that working in real environments benefits children's all round development cognitively, emotionally, physically and spiritually. This is illustrated through a wide range of engaging activities from how to make a scarecrow to interpreting a painting in a gallery from getting the best from a library visit to how best to attack a medieval castle. This practical guide for busy teachers will help them to link what they do in and out of the class. It's a must for every staffroom bookshelf. **The School Librarian**, 2005 **Library Literature & Information Science**, 2009 An index to library and information science literature. **Treasure Maps for Kids** Lurro, 2021-05-05 Does your child like to paint or draw? Does your child like to read or write stories? Is your child a little explorer who likes adventures? Are you looking for a gift for your child that will stimulate their imagination and occupy their time for long evenings? If you answered yes to any of these questions then this book is for you. What is this product? **Treasure Maps for Kids** is a great gift for any child who is a little explorer. Engage children in creative play and prepare your own treasure map together. Tell the story and then mark on it fairy tale lands, Indian villages, caves, volcanoes and seas where pirates roam. What does the child gain? Learning to orientate in space, measure distances and translate this onto a piece of paper while keeping the scale. Orientation in space on the basis of a plan, finding the target on the basis of clues using directions of the world. Developing imagination and creativity through play. Learning to write, learning new words, writing your first own stories. For whom is this book? For kids who love to draw, play, exploration and create their own stories. They can also learn to write simple stories that will also stimulate their imagination. Dear parent or guardian, you can also play with your child. Based on your house plan, hide the treasure and draw a map that your child will use to play and look for the treasure. Write a story that your child will use to draw the map. Have fun drawing the map together and write a story that you can read and show to your family. Draw the map, write down the clues and watch your child solve the puzzles point by point to find the treasure. Information about the book: The book contains space for more than 24 stories and space for drawing maps. Each sheet for drawing a map contains a compass as befits an explorer. For each story there is a separate place for its title. A lined page helps you write nicely and evenly. The back of the drawing page is black to prevent the ink from transferring to the other sides. The cover is designed to stimulate your child's imagination to come up with characters you can't even read about in fairy tales. High quality paper. Thanks to the large size of the book there is plenty of space for drawings. Smooth cover allows you to take the book everywhere and it doesn't take much space. Click the cover to reveal what's inside. Please note if you don't like this book you can always return it for free. Put a SMILE on your face. Add to card and enjoy your purchase. **Make Your Own Pirate Maps - Pretend Parchment Paper**
