Freddie The Frog A Day In His Life:

UnAFRAID, UnFRAZZLED and UnFROGettable Leila Witkin, Barbara Eubanks, 2013 A Practical Guide to Overcoming Stage Fright and the Fear of Public Speaking Jerry Seinfeld According to most studies people's number one fear is public speaking Number two is death Death is number two Does that seem right That means to the average person if you have to go to a funeral you're better off in the casket than doing the eulogy If what the American comedian says is true and there are numerous polls to support his observation millions of people would actually rather face death than speak in public If you are one of those people you have come to the right place for help The Double Life of Danny Day Mike Thayer, 2021-06-15 A boy who lives every day twice uses his ability to bring down bullies at his new school in Mike Thayer's humor filled middle grade novel The Double Life of Danny Day My name is Danny Day and I live every day twice The first time it's a discard day It's kind of like a practice run At the end of the day I go to bed wake up and poof everything gets reset everything except my memory that is The second time everything is normal just like it is for everyone else That's when everything counts and my actions stick As you could probably guess Sticky Day Danny is very different from Discard Day Danny When Danny's family moves across the country he suddenly has to use his ability for more than just slacking off and playing video games Now he's making new friends fending off jerks exposing a ring of cheaters in the lunchtime video game tournament and taking down bullies one day at a time or is it two days at a time **Shotgun City: Melbourne's Gangland Killings** Paul

Six of Monty's Men Adrian Stewart, 2011-07-12 Field Marshal Montgomery showed great skill in choosing his subordinates whether as staff officers or field commanders To those he trusted he gave help and guidance as well as a kindness and concern for which he has rarely received credit In return they provided services of immense value not only in his own campaigns but in many others throughout the Second World War to which they brought the knowledge and experience that they had acquired under his leadership This account follows the careers of six of these subordinates Harding the far sighted staff officer who could take command of a famous armored division with equal ability Leese ranked by Montgomery as his finest Corps Commander but for whom successes and disappointments would be strangely intermingled De Guingand the invaluable Chief of Staff whose devotion to duty ruined his health and brought him to verge of a nervous breakdown Horrocks who had hated the thought of serving under Montgomery but did so for almost the whole of the war Richardson the versatile planner whose varied duties included coordinating the operations of Army and Air Force anticipating future events and deceiving the enemy as to his own commanders intentions Roberts the brilliant and charismatic armored division commander who became the youngest major general in the British Army The varied careers and consequent outlooks of these officers serve to throw new light on events that are famous on incidents that are surprising unusual or unappreciated and in particular on the complicated and controversial character of the man whom they all acknowledged to be their leader and their inspiration

Once a Copper Vikki Petraitis, 2018 Once a copper always a copper At least that s how it seems for Brian The Skull Murphy long retired but sought out by a trail of journalists and cops who regularly beat a path to his door Once known as Australia s toughest cop The Skull was both charged with manslaughter and acquitted then awarded a Valour Award for bravery in the line of duty It is these two sides to the complex man that intrigue audiences to this day A non drinking Catholic family man The Skull didn t fit the 1950s police mould and often found himself on the outer among his colleagues Dodging

crooks and corruption on both sides of the thin blue line The Skull carefully cultivated a reputation for being a mad bastard Over 40 men felt the sting of his bullets and many more felt the sting of his fists But behind Australia s toughest cop lay a personal secret of sexual abuse which Murphy shares publicly for the first time in the hope that it will help others This abuse formed the kind of police officer he later became tough on the bad guys but fiercely protective towards victims With today s political correctness and strict rules of conduct there will never be another big personality copper like Brian The Skull
