Power Failure Mimi Swartz, Sherron Watkins, 2004-03-09 They're still trying to hide the weenie thought Sherron Watkins as she read a newspaper clipping about Enron two weeks before Christmas 2001 It quoted CFO Jeff McMahon addressing the company's creditors and cautioning them against a rash judgment Don't assume that there is a smoking gun Sherron knew Enron well enough to know that the company was in extreme spin mode Power Failure is the electrifying behind the scenes story of the collapse of Enron the high flying gas and energy company touted as the poster child of the New Economy that in its hubris had aspired to be The World's Leading Company and had briefly been the

seventh largest corporation in America Written by prizewinning journalist Mimi Swartz and substantially based on the never before published revelations of former Enron vice president Sherron Watkins as well as hundreds of other interviews *Power Failure* shows the human face beyond the greed arrogance and raw ambition that fueled the company's meteoric rise in the late 1990s At the dawn of the new century Ken Lay's and Jeff Skilling's faces graced the covers of business magazines and Enron's money oiled the political machinery behind George W Bush's election campaign But as Wall Street analysts sang Enron's praises and its stock spiraled dizzyingly into the stratosphere the company's leaders were madly scrambling to manufacture illusory profits hide its ballooning debt and bully Wall Street into buying its fictional accounting and off balance sheet investment vehicles The story of Enron's fall is a morality tale writ large performed on a stage with an unforgettable array of props and side plots from parking lots overflowing with Boxsters and BMWs to hot house office affairs and executive tantrums Among the cast of characters Mimi Swartz and Sherron Watkins observe with shrewd Texas eyes and an insider's perspective are CEO Ken Lay Enron's outside face who was more interested in playing diplomat and paving the road to a political career than in managing Enron's high testosterone anything goes culture Jeff Skilling the mastermind behind Enron's mercenary trading culture who transformed himself from a nerdy executive into the personification of millennial cool Rebecca Mark the savvy and seductive head of Enron's international division who was Skilling's sole rival to take over the company and Andy Fastow whose childish pranks early in his career gave way to something far more destructive Desperate to be a player in Enron's deal making trader oriented culture Fastow transformed Enron's finance department into a profit center creating a honeycomb of financial entities to bolster Enron's profits while diverting tens of millions of dollars into his own pockets An unprecedented chronicle of Enron's shocking collapse *Power Failure* should take its place alongside the classics of previous decades *Barbarians at the Gate* and *Liar's Poker* as one of the cautionary tales of our times
