Four humans find themselves in a small village of Betaham without knowledge of where they come from or who they are It is a pleasant little town but disturbing memories of a brutal war and a different life flash spasmodically into their minds Their dreams seem so real but are quite unrelated to their present lives that is until they meet a strange farmer and a violent sandstorm arrives at Betaham They find the farmer isn t even human Furthermore they may not even be human themselves A bombed out city is on the other side of the hills and can be reached though a railway tunnel The trouble is that the city was destroyed a millennium before and is an archaeological site visited by the farmer s race who arrived from another planet Only then do the four learn the truth about themselves     **Hearts of Darkness** Jane Marcus,2004 Marcus English CUNY
