Queering Family Trees Sandra Patton-Imani, 2020-06-09

Argues that significant barriers to family making exist for lesbian mothers of color in the United States One might be tempted in the afterglow of *Obergefell v Hodges* to believe that the battle has been won that gays and lesbians fought a tough fight and finally achieved equality in the United States through access to legal marriage But that narrative tells only one version of a very complex story about family and citizenship *Queering Family Trees* explores the lived experience of queer mothers in the United States drawing on over one hundred interviews with African American Latina Native American white and Asian American lesbian mothers living in a range of socioeconomic circumstances to show how they have navigated family making While the legalization of same sex marriage and adoption in 2015 has provided avenues toward equality for some couples structural and economic barriers have meant that others especially queer women of color who often have fewer financial resources have not been able to access seemingly available choices such as second parent adoptions powers of attorney and wills Sandra Patton Imani here argues that the virtual exclusion of lesbians of color from public narratives about LGBTQ families is crucial to maintaining the narrative that legal marriage for same sex couples provides access to full equality as citizens Through the lens of reproductive justice Patton Imani argues that the federal legalization of same sex marriage reinforces existing structures of inequality grounded in race gender sexuality and class *Queering Family Trees* explores the lives of a critically erased segment of the queer population demonstrating that the seemingly color blind solutions offered by marriage equality do not rectify such inequalities

Censorship Mark Paxton, 2008-06-30 Ever since the Bill of Rights

became the cornerstone on which individual Americans rights and liberties rest the practical realities of honoring the grand principles of the First Amendment have been hotly contested and none more so than freedom of expression From governmental limits on robust even vicious colonial and Federal era newspaper attacks to the USA PATRIOT Act to efforts to rein in the vast and anarchic Internet the First Amendment protection of free expression has been virtually under siege by various forms of censorship some clearly pernicious and others evidently benign This book guides the reader through these many faceted historical controversies always with an eye toward contemporary and future challenges

Finding Out

Deborah T. Meem, Jonathan Alexander, Key Beck, Michelle A. Gibson, 2022-11-21 *Finding Out* Fourth Edition introduces readers to lesbian gay bisexual transgender queer LGBTQ studies By combining accessible introductory and explanatory

material with primary texts and artifacts this text reader explores the development and growth of LGBTQ identities and the interdisciplinary nature of sexuality studies Now available in a digital ebook format the fourth edition has been thoroughly updated to include a new chapter on Trans Lives and Theories and new readings Authors Deborah T Meem Jonathan Alexander Key Beck and Michelle A Gibson provide more discussions of important and current issues in LGBTQ studies such as the emergence of non binary identities and issues of race and class making Finding Out Fourth Edition an even more comprehensive introduction to the field

Finding Out Michelle A. Gibson, Deborah T. Meem, Jonathan Alexander, 2013-02-14 By combining accessible introductory and explanatory material with primary texts and artifacts this text reader explores the development and growth of LGBT identities and the interdisciplinary nature of sexuality studies Authors Meem Gibson and Alexander clearly situate debates and readings within clear contexts History Literature and the Arts Media and Politics providing students with a coherent framework and comprehensive introduction to LGBT studies While this emerging field is complex multifaceted and interdisciplinary and therefore often inaccessible to students Finding Out through its instructional apparatus primary texts and organization provides the ideal introduction for today s students Contents I HISTORY 1 Before Identity The Ancient World through the Nineteenth Century 2 Sexology Constructing the Modern Homosexual 3 Toward Liberation 4 Stonewall and Beyond II POLITICS 5 Nature Nurture and Identity 6 Inclusion and Equality 7 Queer Diversities 8 Intersectionalities III LITERATURE AND THE ARTS 9 Homo sexed Art and Literature 10 Lesbian Pulp Novels and Gay Physique Pictorials 11 Queer Transgressions 12 Censorship and Moral Panic IV MEDIA 13 Film and Television 14 Queers and the Internet 15 The Politics of Location Alternative Media and the Search for Queer Space

Which Side Are You On? Elaine Harger, 2016-02-26 Shattering any idea that librarianship is a politically neutral realm this insider s account of seven debates from the floor of the American Library Association Council illustrates the mechanisms the governing body used to maintain the status quo on issues like racism government surveillance and climate change At play in each debate are rules of parliamentary procedure appeals to authority denial and chastisement of librarians who pushed the ALA to make real its commitments to human rights and social justice Providing a fascinating look at the Council s inner workings the author parses debates concerning anti apartheid boycotts partnerships between ALA McDonald s and the Boy Scouts of America spying by the National Security Agency censorship in Israel and the Occupied Territories fossil fuel industry divestment and the recent revival by ALA s Office of Intellectual Freedom of the infamous film The Speaker

Having and Raising Children Uma Narayan, 2010-11-01 As the term family values achieves prominence in the rhetoric of political debate the social issues at the heart of today s political controversies deserve to be studied in depth This volume brings together a group of philosophers political scientists and legal scholars to explore a wide range of specific topics dealing with the legal ethical and political dimensions of familial relationships Topics addressed include the rights of unwed fathers the nature of children s autonomy children s rights to divorce their parents parental rights with respect to medical

treatment and religious education of children surrogate parenting same sex parenting and single parent families Collectively the essays point out that many contemporary issues pertaining to the having and raising of children pose genuinely hard choices for public policy makers for those who make and enforce the laws and for citizens who would like to engage in informed and critical democratic debate on these issues

Disinformation Donald A. Barclay, 2022-04-15 Does the idea of a world in which facts mean nothing cause anxiety Fear Maybe even paranoia Disinformation The Nature of Facts and Lies in the Post Truth Era cannot cure all the ills of a post truth world but by demonstrating how the emergence of digital technology into everyday life has knitted together a number of seemingly loosely related forces historical psychological economic and culture to create the post truth culture Disinformation will help you better understand how we got to where we now are see how we can move beyond a culture in which facts are too easily dismissed and develop a few highly practical skills for separating truth from lies Disinformation explains How human psychology the very way our brains work can leave us vulnerable to disinformation How the early visions of what a global computer network would and should be unintentionally laid the groundwork for the current post truth culture The ways in which truth is twisted and misrepresented via propaganda and conspiracy theories How new technology not only spreads disinformation but may also be changing the way we think The ways in which the economics of information and the powerful influence of popular culture have contributed to the creation of the post truth culture Unlike the far too numerous one sided politically ideological treatments of the post truth culture Disinformation does not seek to point the finger of blame at any individuals or groups instead its focus is on how a number of disparate forces have influenced human behaviors during a time when all of humanity is struggling to better understand and more effectively control for better or worse challenging new technologies that are straining the limits of human intellectual and emotional capacity

Drawn to the Flame Erin A. Singer, Matthew J. Etchells, Cheryl J. Craig, 2023-10-24 Drawn to the Flame investigates incidences of burnout and burnout avoidance among educators in both K 12 and higher education spheres during the COVID 19 pandemic a period that saw an intensification and increased frequency of polarizing sociocultural and socio political conditions

The Big Smallness Michelle Ann Abate, 2016-02-12 This book is the first full length critical study to explore the rapidly growing cadre of amateur authored independently published and niche market picture books that have been released during the opening decades of the twenty first century Emerging from a powerful combination of the ease and affordability of desktop publishing software the promotional marketing and distribution possibilities allowed by the Internet and the tremendous national divisiveness over contentious socio political issues these texts embody a shift in how narratives for young people are being creatively conceived materially constructed and socially consumed in the United States Abate explores how titles such as My Parents Open Carry about gun laws It s Just a Plant about marijuana policy and My Beautiful Mommy about the plastic surgery industry occupy important battle stations in ongoing partisan conflicts while they are simultaneously changing the landscape of American children s literature The book demonstrates how texts like Little Zizi

and *Me Tarzan You Jane* mark the advent of not simply a new commercial strategy in texts for young readers they embody a paradigm shift in the way that narratives are being conceived constructed and consumed Niche market picture books can be seen as a telling barometer about public perceptions concerning children and the social construction of childhood as well as the function of narratives for young readers in the twenty first century At the same time these texts reveal compelling new insights about the complex interaction among American print culture children s reading practices and consumer capitalism Amateur authored self published and specialty subject titles reveal the way in which children childhood and children s literature are both highly political and heavily politicized in the United States The book will be of interest to scholars and students in the fields of American Studies children s literature childhood studies popular culture political science microeconomics psychology advertising book history education and gender studies

Language, Gender and Children's Fiction Jane Sunderland, 2011-01-13 Looks at gender in relation to children s fiction And The role that language plays in this relationship

LGBTQAI+ Books for Children and Teens Christina Dorr, Liz Deskins, 2018-12-18 There is a rich and varied body of literature for lesbian gay bisexual transgender queer questioning asexual allied and intersexed young people which can function as a mirror for LGBTQAI individuals and as a window for others This resource for librarians who work with children and teens not only surveys the best in LGBTQAI lit but just as importantly offers guidance on how to share it in ways that encourage understanding and acceptance among parents school administrators and the wider community Helping to fill a gap in serving this population this guide discusses the path to marriage equality how LGBTQAI terms have changed and reasons to share LGBTQAI literature with all children presents annotated entries for a cross section of the best LGBTQAI lit and nonfiction for young children middle year students and teens with discussion questions and tips offers advice on sensitive issues such as starting conversations with young people outreach to stakeholders and dealing with objections and censorship head on and ideas for programming and marketing This resource gives school librarians children s and YA librarians the guidance and tools they need to confidently share these books with the patrons they support

Critical Content Analysis of Visual Images in Books for Young People Holly Johnson, Janelle Mathis, Kathy G. Short, 2019-05-31 Extending the discussion of critical content analysis to the visual realm of picturebooks and graphic novels this book provides a clear research methodology for understanding and analyzing visual imagery Offering strategies for reading illustrations in global and multicultural literature chapter authors explore and bring together critical theory and social semiotics while demonstrating how visual analysis can be used to uncover and analyze power ideologies inequity and resistance in picturebooks and graphic novels This volume covers a diverse range of texts and types of books and offers tools and procedures for interpreting visual images to enhance the understandings of researchers teachers and students as they engage with the visual culture that fills our world These methods are significant not only to becoming a critical reader of literature but to also becoming a critical reader of visual images in everyday life
