Rodgers has helped hundreds of people in their most vulnerable moments Some of the victims faced their mortality head on and cried out to God for help Many experienced fleeting but life changing connections with their first responders Often these crises became unexpected sources of inspiration Now Rodgers shares brief real life stories of heroic courage in the face of fear In times of intense suffering she has repeatedly witnessed signs of God s quiet intervention and healing presence A man is resuscitated after Rodgers was able to repair a defibrillator with her teeth Several bystanders help rescue a young girl who is accidentally buried alive in sand Rodgers also experienced some lighthearted moments including the time she arrived at the scene of a crime only to find herself in the middle of a mystery dinner theater Experience the miracles the life and death drama as you look at life from heaven s edge *Heaven's Calling* Leanne Payne,2008-09-01 Leanne Payne was called out of brokenness into union with Christ and her nearly fifty year journey with God has been an adventure of healing grace and truth and of the accompanying spiritual battles She has spent her life proclaiming the freeing message that Christ lives in us and offers the ministry of Jesus especially to those suffering from the effects of past sins and woundedness self rejection and long standing addictions By exposing her own life complete with its triumphs and failures Mrs Payne brings extraordinary clarity and understanding on a surprisingly large range of subjects including gender identity sexual neurosis gnosticism false prophecy transference healing prayer incarnational reality and sacramental worship Her story illustrates how one soul listening to and obeying the Lord can revel in the abundant life that is available to us all **Erin** Matthew Russell,1881

Purpose in Prayer Edward McKendree Bounds,1974 Inching Toward Heaven's Door John F. Sieckhaus,2001-11-02 There are few clues as to why a person responds to the vicissitudes of life in a given way As John Sieckhaus states in this memoir of his own spiritual journey some have the courage to choose life from their earliest moments of sober reflection while others opt to soothe their pain with addictions of the mind and body some choose an early final exit and still others stay the healing course trusting that there is purpose to their lives meaning in their suffering and healing as the intended outcome of some higher power The tragic slaying of his parents propels the author as sixteen year old onto a life course

dictated initially by his own errant choices and the acculturations of family tribe and society His decision to pursue a Ph D in chemistry is consistent with his search for life s magic formula the alchemist s quest for the philosopher s stone but the first fruits of this venture are depression and a horrific encounter with his family demons Resort to psychotherapy and chemical dis ease management a therapeutic model characterized by a patient s need to trust in the alchemical wisdom of his or her therapist proves to be a mere palliative in a desperate striving to arrest the pain and it is only through an encounter with the living God amidst a small band of refugees from mainline Christian churches that his journey of faith remembrance and healing begins John Sieckhaus tells this story with conviction and a deep sense of gratitude for God s provision of trustworthy guides and fellow travelers on the way It was from James and Mary Baird a couple whose decision to stand against the racial prejudices inherent in their small town culture in Baird Mississippi in the 1950s forced them to leave family clan and culture to reach out to the hurting and the needy in southeast Asia that he learned to heed God s call in his life and to pursue his vocation with a new sense of adventure and purpose In so doing he had to come to grips with his work as a scientist engaged in the development of weapon systems and was eventually led to challenge his company s involvement with nerve gas research and resign his position With each step in his vocational journey the healing went deeper and finally after staying the course for more than twenty years the author was gifted with a revelation of his family pathology which provided the clues concerning his own responses to life This is a story that the author was compelled to tell because the telling was an integral part of his healing journey and because as he states in the introduction I believe that what I have experienced and learned is not just for my own healing and spiritual growth that perhaps it may help others walk their own path to wholeness If this should prove to be the case for only one other person it the telling will have been worth the effort

A Letter-writer for the People; Containing Plain Hints on the Subject of Letter-writing, Etc George Tooker HOARE,1860 **Poiema** Cherie Burbach,2018-06-20 God calls us his poiema his workmanship and in this collection of poetry Cherie Burbach ponders the divine blessings of life from the struggles we face to the times we celebrate each other This collection contains over 160 poems covering themes of faith forgiveness love and self worth
