Twentieth-Century World of Henry James Adeline R. Tintner, 2000-05-01 Conventional analyses of Henry James conclude with the completed novels of the major phase and the revisions of the New York Edition 1907 1909 However James lived on to write vigorously for nearly a decade longer In this compelling study Adeline R Tintner perhaps the foremost living James scholar focuses her expertise on the writer's final years exploring how his work developed and how his ideas changed in response to events in the twentieth century As Tintner illustrates despite his age and the long career behind him James heralded in his later works the modernism that would be most fully represented by Joyce Eliot and Proust The twentieth century came to life for James during his long delayed visit to America in 1904 and 1905 This trip resulted in his critical look at his native country *The American Scene* 1907 a book Tintner argues is only now beginning to be appreciated The trip also revitalized his review of his body of work in the famed New York Edition Tintner explores James's revisions of his earlier novels especially of Roderick Hudson *The American* and most important the retouched *Portrait of a Lady* in which he refined Isabel Archer's aesthetic tastes to match his own She also reads James's late autobiographical writings as a form of experimental fiction that would be the hallmark of twentieth century modernism Indeed Tintner explains that James's final writings demonstrate how he thoroughly embraced the new century and anticipated several of the chief ideas that would dominate modern literature He reacted to the new economy and to the preoccupation with money in his unfinished novel *The Ivory Tower* explored the idea of the interaction between historical time and the present with his uncompleted *The Sense of the Past* and expressed concern with the deprivation of culture among the lower middle classes The flying machine the cinematograph and the Kodak entered his twentieth century vocabulary and he parodied his own usurping consciousness in his *Monologue for Ruth Draper* James even relaxed his treatment of sexuality as is apparent in his suggestion of autoeroticism in *The Figure in the Carpet* and in what seems to be a description of the gay scene in *The Sacred Fount* He became a propagandist during World War I devoting the end of his career to urging American entry into the conflict His last published writings before he died of a stroke on February 28 1916 were emotional tributes to casualties of the war A fitting finale to Tintner's five astonishing works on the world of Henry James *The Twentieth Century World of Henry James* will stand as one of the most significant volumes on the writer's last years Through an amazing excavation of James's life and work Tintner uncovers many of the modernist themes that preoccupied him as he entered the new century and that in turn were to preoccupy many of the writers who came to maturity in the first half of the twentieth century Henry VIII A F Pollard, 2023-07 *Henry VIII* is a full biography of King Henry VIII The history goes into the deep knowledge of Henry VIII's unique personality and the essential events that shaped his rule The author tells the story of Henry's life from the time he took the throne in 1509 until he died in 1547 Readers can read about his political moves marriages religious changes and the effect he had on English society Pollard does a lot of study and analysis to look at how religion changed in England during Henry's rule especially when he broke away from the Roman Catholic Church and started the Church of England The

biography also talks about Henry's relationships with his women like how he wanted a son to be his heir which led to his famous divorces annulments and executions This biography is a must read for anyone interested in English history or the life of Henry VIII **Notes and Queries** ,1853 **Encyclopedia of Literary Translation Into English: A-L** O.
