World Collectors Annuary Frederik A. van Braam, 1980 The Print Collector's Newsletter, 1991 **The Great Parade** Pierre Théberge, Galeries Nationales du Grand Palais (Paris), National Gallery of Canada, 2004-01-01 A beautiful book that showcases how circus figures and artifacts have been portrayed in art over the past two centuries The circus is a dazzling world filled with acrobats and harlequins tumblers and riders monsters and celestial creatures Now this engaging book sets that world in a new light examining how painters sculptors and photographers from the eighteenth century to the present have used the circus as a springboard for their imaginative expression and have envisioned the clown as a metaphor for the modern artist The book presents more than 175 works by such artists as Degas Toulouse Lautrec Rouault Picasso Chagall and L ger Some of these are masterful works shown for the first time these range from the 18 meter stage curtain Picasso designed in 1917 for Erik Satie s ballet Parade to more intimate works such as Nadar and Tournachon s photographs of Pierrot as played by celebrated mime Charles Debureau *The Art Collector* Alfred Trumble, 1889 *The Burlington Magazine* Robert Edward Dell, Charles John Holmes, Harold Child, Lionel Cust, Roger Fry, 1926 **The Whole Picture** Alice Procter, 2020-03-19 Probing jargon free and written with the pace of a detective story Procter dissects western museum culture with such forensic fury that it might be difficult for the reader ever to view those institutions in the same way again Financial Times A smart accessible and brilliantly structured work that encourages readers to go beyond the grand architecture of cultural institutions and see the problematic colonial histories behind them Sumaya Kassim Should museums be made to give back their marbles Is it even possible to decolonize our galleries Must Rhodes fall How to deal with the colonial history of art in museums and monuments in the public realm is a thorny issue that we are only just beginning to address Alice Procter creator of the Uncomfortable Art Tours provides a manual for deconstructing everything you thought you knew about art history and tells the stories that have been left out of the canon The book is divided into four chronological sections named after four different kinds of art space The Palace The Classroom The Memorial and The Playground Each section tackles the fascinating enlightening and often shocking stories of a selection of art pieces including the propaganda painting the East India Company used to justify its rule in India the tattooed Maori skulls collected as art objects by Europeans and works by contemporary artists who are taking on colonial history in their work and activism today The Whole Picture is a much needed provocation to look more critically at the accepted narratives about art and rethink and disrupt the way we interact with the museums and galleries that display it **Botticelli Past and Present** Ana DeBenedetti, Caroline Elam, 2019-01-08 The recent exhibitions dedicated to Botticelli around the world show more than ever the significant and continued debate about the artist Botticelli Past and Present engages with this debate The book comprises four thematic parts spanning four centuries of Botticelli s artistic fame and reception from the fifteenth century Each part comprises a number of essays and includes a short introduction which positions them within the wider scholarly literature on

Botticelli The parts are organised chronologically beginning with discussion of the artist and his working practice in his own time moving onto the progressive rediscovery of his work from the late eighteenth to the turn of the twentieth century through to his enduring impact on contemporary art and design Expertly written by researchers and eminent art historians and richly illustrated throughout the broad range of essays in this book make a valuable contribution to Botticelli studies
