PARIS, city of love, light & joy Don Muschter, Christina Angela Thomas, 2023-08-15 PARIS city of love light joy a special in English Is Paris the most wonderful place on earth Something I feel when I am there because I have a deep passion for this city It feeds one's creativity It is where haughty staff serve up that most quintessential Parisian staple the humble croissant that tastes like nowhere else on earth accompanied by the obligatory Parisian coffee Paris is poetic its chaos almost seducing The most beautiful people walk the streets nonchalantly Fashion is created here Being a French speaker endears me to Parisians In a world of dumbing down philosophers artists and intellectuals have chosen Paris for their inspiration I am anything but one of these luminaries but Paris fills me with energy and life it awakens my senses Don Muschter Publisher

Pathologies of Love Judy Kem, 2019-12-01 *Pathologies of Love* examines the role of medicine in the debate on women known as the querelle des femmes in early modern France Questions concerning women's physical makeup and its psychological and moral consequences played an integral role in the querelle This debate on the status of women and their role in society began in the fifteenth century and continued through the sixteenth and as many critics would say well beyond In querelle works early modern medicine women's sexual difference literary reception and gendered language often merge Literary authors perpetuated medical ideas such as the notion of allegedly fatal lovesickness and physicians published works that included disquisitions on the moral nature of women In *Pathologies of Love* Judy Kem looks at the writings of Christine de Pizan Jean Molinet Symphorien Champier Jean Lemaire de Belges and Marguerite de Navarre examining the role of received medical ideas in the querelle des femmes She

reconstructs how these authors interpreted the traditional courtly understanding of women's pity or mercy on a dying lover their understanding of contemporary debates about women's supposed sexual insatiability and its biological effects on men's lives and fertility and how erotomania or erotic melancholy was understood as a fatal illness While the two women who frame this study defended women and based much of what they wrote on personal experience the three men appealed to male authority and tradition in their writings

Beckett the Shape Changer Katharine Worth, 2021-05-18 The essays in this book first published in 1975 suggest how best to approach Beckett how to read him how to get closer to the concrete experience offered by this most concrete of writers It aims to bring out the full diversity of Beckett's art as dramatist and story teller His astonishing flexibility and inventiveness is stressed throughout either in studies of single novels or from the whole range of the fiction and stage drama or from the experiments in other media the solitary film the radio plays Beckett's bilingualism one of the strangest aspects of his Proteanism is examined through a comparison of the French and English texts of some of his stage plays The emphasis of the essays is literary rather than philosophical they explore narrative and dramatic processes the strange partial transitions between them the fine relations of form and feeling which Beckett aims at through whatever medium he is using and his humaneness expressed through the many nuances of his humour The shorter fiction and the later writings also receive close attention

Love and its Critics Michael Bryson, Arpi Movsesian, 2017-07-10 This book is a history of love and the challenge love offers to the laws and customs of its times and places as told through poetry from the *Song of Songs* to John Milton's *Paradise Lost* It is also an

account of the critical reception afforded to such literature and the ways in which criticism has attempted to stifle this challenge Bryson and Movsesian argue that the poetry they explore celebrates and reinvents the love the troubadour poets of the eleventh and twelfth centuries called fin amor love as an end in itself mutual and freely chosen even in the face of social religious or political retribution Neither eros nor agape neither exclusively of the body nor solely of the spirit this love is a middle path Alongside this tradition has grown a critical movement that employs a hermeneutics of suspicion in Paul Ricoeur's phrase to claim that passionate love poetry is not what it seems and should be properly understood as worship of God subordination to Empire or an entanglement with the structures of language itself in short the very things it resists The book engages with some of the seminal literature of the Western canon including the Bible the poetry of Ovid and works by English authors such as William Shakespeare and John Donne and with criticism that stretches from the earliest readings of the Song of Songs to contemporary academic literature Lively and enjoyable in its style it attempts to restore a sense of pleasure to the reading of poetry and to puncture critical insistence that literature must be outwitted It will be of value to professional graduate and advanced undergraduate scholars of literature and to the educated general reader interested in treatments of love in poetry throughout history

Love, Power, and Gender in Seventeenth-Century French Fairy Tales Bronwyn Reddan, 2020-12 Love is a key ingredient in the stereotypical fairy tale ending in which everyone lives happily ever after This romantic formula continues to influence contemporary ideas about love and marriage but it ignores the history of love as an emotion that shapes and is shaped by hierarchies of power including gender class education and social status This interdisciplinary study questions the idealization of love as the ultimate happy ending by showing how the conteuses the women writers who dominated the first French fairy tale vogue in the 1690s used the fairy tale genre to critique the power dynamics of courtship and marriage Their tales do not sit comfortably in the fairy tale canon as they explore the good the bad and the ugly effects of love and marriage on the lives of their heroines Bronwyn Reddan argues that the conteuses scripts for love emphasize the importance of gender in determining the right way to love in

seventeenth century France Their version of fairy tale love is historical and contingent rather than universal and timeless This conversation about love compels revision of the happily ever after narrative and offers incisive commentary on the gendered scripts for the performance of love in courtship and marriage in seventeenth century France *Language and Love* William Mallard, 1994-10-05 This is the first work to combine an introduction to Augustine's Confessions with a larger outline of his mature theology Mallard provides guidance for reading the narrative Confessions Books I IX and at the same time by certain extensions and comments reveals the three major topical divisions within Augustine's thought creation salvation and the City of God Mallard is able to do this because Augustine's affirmation of the good of Creation his view of the human will and God's grace and the nature of evil his sense of a religious people's identity and their hope and his view of faith and reason were all essentially in place at the time of the Confessions Mallard argues that Augustine was not in search of himself in a modern sense but in search of a language of prayer praise and truth that would locate him within God's grace That language turned out to be the language of Incarnation which remains compelling and inviting today As a classic work the Confessions is a monument to its own time but it has striking resonances for our own Mallard's interpretation will challenge readers to begin working out their own The Confessions endures because it is a story that illumines the stories of many even to the present day To analyze how it is like and unlike modern experiences is to exercise both mind and heart In that respect *Language and Love* is a kind of theological meditation on the Confessions testing out a horizon of belief Mallard views Augustine as a master of the spoken word in an age of broken and abused language and the Confessions as a historic masterpiece of rhetoric He contends that Augustine is the ancestor of many today who offer social and political hope through fresh rhetorical vitality **Love as Passion** Niklas Luhmann, 2014-12-08 In this important book Niklas Luhmann one of the leading social thinkers of the late 20th century analyses the emergence of love as the basis of personal relationships in modern societies He argues that while family systems remained intact in the transition from traditional to modern societies a semantics for love developed to accommodate extra marital relationships this semantics was then transferred back into marriage and eventually transformed marriage itself Drawing on a diverse range of historical and literary sources Luhmann retraces the emergence and evolution of the special semantics of passionate love that has come to form the basis of modern forms of intimacy and personal relationships This classic book by Luhmann has been widely recognized as a work of major importance It is an outstanding contribution to social theory and it provides an original and illuminating perspective on the nature of modern marriage and sexuality **A Lion for Love** Robert Alter, Carol Cosman, 1986 Traces the life of the nineteenth century French novelist attempts to portray his complex personality and analyzes his major works **The Legacy of Muslim Spain** Salma Khadra Jayyusi, Manuela Marín, 1992 The civilisation of medieval Muslim Spain is perhaps the most brilliant and prosperous of its age and has been essential to the direction which civilisation in medieval Europe took This volume is the first ever in any language to deal in a really comprehensive manner with all major aspects of Islamic

civilisation in medieval Spain *Book Of Women* Carmen Caballero-Navas, 2014-07-10 First published in 2005 The first part of this book is an historical study of the Hebrew written production on women's healthcare and of Jewish women's lives and experiences regarding the care of their bodies during the late Middle Ages in the Mediterranean West The aim is to restore value to feminine knowledge and practices that were significant then and remain so today The second part presents an edition translated into English with commentary of the Hebrew compilation Sefer Ahavat Nashim the Book of Women's Love This was compiled in the late Middle Ages and is preserved in a single manuscript from Catalonia Provence Its contents are concerned with magic sexuality cosmetics and gynecology areas of knowledge essentially though not exclusively related to women The author focuses on the relation between women and health care and examines both women's knowledge and knowledge about women This pioneering work makes a valuable contribution to the history of Jewish culture and Jewish women during the Middle Ages and also makes a substantial contribution to the history of medicine
