A Select Collection of Old English Plays William Carew Hazlitt, 1874 *Western Queers in China* David Emil Mungello, 2012

This unique work examines the role played by sexuality in the historical encounter between China and the West. Distinguished historian D. E. Mungello focuses especially on Western homosexuals who saw China as a place of escape from the homophobia of Europe and North America. His groundbreaking study traces the lives of two dozen men, many previously unknown to have same-sex desire, who fled to China and in the process influenced perceptions of Chinese culture to this day. This escapism engendered casual sexual encounters, serious friendships, and substantive intellectual relationships.
