Good Flyers For Literacy Night:

Family Reading Night Darcy J. Hutchins, Joyce L. Epstein, Marsha D. Greenfeld, 2014-09-19 Host family reading nights at your school. These events promote literacy outside of the classroom and encourage families to get involved in their children's achievement. They also build relationships among educators, families, and community partners. This practical book is full of step-by-step guidelines and reproducible activities to help you bring family reading nights to life in your own school or district. **Special Features:** The book is organized by month of the school year so you can quickly find activities that meet your needs. Each activity is easy to implement and includes a page of instructions for teacher leaders and an activity page for families. An appendix provides all of the forms you need to get your Family Reading Night started, including invitations and registration sheets. All of the family activities can be photocopied or downloaded for free from our website www.routledge.com/books/details/9781138021471 so that you can print and distribute them during your event. This enhanced second edition includes connections to the Common Core State Standards for reading. It also features a special new appendix with all of the family activities translated into Spanish to help more families get involved. *Effective Literacy Coaching* Shari

Frost, Roberta Buhle, Camille L. Z. Blachowicz, 2009 Whether you're new to literacy coaching or a seasoned coach, here's a resource with more than 50 easy-to-use tools for improving literacy instruction, honing your coaching skills, and creating an effective literacy program in grades K-12. All tools are also available for download. The BIG Book of Reading, Rhyming, and Resources Beth Christina Maddigan, Stefanie Drennan, Roberta E. Thompson, 2005-10-30 Promote reading and literacy with this wonderful assortment of lively, fast-paced, fun-filled children's programs specifically designed for children aged 4 through 8. You and the children will delight in such program themes as Creepy Crawlies, Forest Friends, Frosty Frolics, and After School Adventures. The book presents an entertaining mix of multisensory activities that appeal to a variety of literacy levels and learning styles: rhymes and songs, awesome activities, crafty crafts, and great games. Unlike other programming guides, this one uses a developmental approach with literature-based activities fitted to specific learning needs. More than an idea book, it includes all the nuts and bolts for initiating children's programs: from foundations and guidelines for understanding various stages of learning to everything you need to get started, book lists, step-by-step instructions, reproducible patterns and illustrations, even tips on publicity and public relations. Whether you're a novice or a seasoned children's programmer, this book gives you fresh programming ideas that foster lifelong literacy and love of reading. Grades PreK-3.
