Faith of Our Mothers Donald S. Aultman, 2014-04-11 Dr Donald Aultman brings together in one volume leaders from the Church of God to reveal the Faith of Our Mothers stories of faithful women who valued nourished and trained their children sometimes against all odds These are women of virtue and godly character whose faith patience sacrifice and humor forever shaped the sons and daughters now walking in their footsteps In a culture where Christianity is increasingly marginalized and children are pulled away from faith in a world that's cold raw and harsh in a society built on high achievement self serving goals and shortsighted pursuits may God continue to raise up women of faith who will minister the Word of God love their families and show us the way home Mark L Williams Church of God Overseer

The Mother Wave Andrea O'Reilly, Fiona Joy Green, 2024-09-01 Matricentric feminism seeks to make motherhood the business of feminism by positioning mothers needs and concerns as the starting point for a theory and politic on and for the empowerment of women as mothers Based on the conviction that mothering is a verb it understands that becoming and being a mother is not limited to biological mothers or cisgender women but rather to anyone who does the work of mothering as a central part of their life The Mother Wave the first ever book on the topic compellingly explores how mothers need a matricentric mode of feminism organized from and for their particular identity and work as mothers and because mothers remain disempowered despite sixty years of feminism The anthology makes visible the power of matricentric feminism as it is theorized enacted and represented to realize and achieve the subversive potential of mothers and their contributions to feminist theory and activism Contributors share the impact and influence of matricentric feminism on families and children culture art literature education public policy social media and workplace practices through personal reflections scholarly essays memoir creative non fiction poetry and photography The

mother wave of matricentric feminism invites conversations with others and offers a praxis of feminism that aims to coexist overlap and intersect with others Multiple Lenses, Multiple Images Hillel Goelman, Sally Ross, Sheila Marshall, 2004-01-01 Drawing from a wide range of disciplines and perspectives the essays in Multiple Lenses Multiple Images are oriented around the idea that images of childhood can be understood within three dimensions time space and discipline Time refers to both the chronological ages of the children under consideration and the historical timeframe in which that particular essay is suited Space is a dimension that includes familial community institutional and cultural spaces within which children live The third dimension discipline names the specific and distinct areas of scholarship and research that define the ontology epistemology and methodology within which the contributors write Multiple Lenses Multiple Images is intended to deepen and expand the collaborative interdisciplinary discourse on children and childhood through reflections not just on what is known about children but on how it has been learned Seeking the Mothers in Ovid's "Heroides" Simona Martorana, 2024-09-15 Seeking the Mothers in Ovid's Heroides explores Ovid's reconceptualization of the heroines maternal experience Rather than aligning them with the stereotypical roles of Roman women motherhood enables the Ovidian heroines to challenge traditional norms with irreverent perspectives on gender categories and familial relationships To confront these perspectives and overcome the dialectic between the male voice of the poet and the female voice of the heroines Seeking the Mothers in Ovid's Heroides argues for a form of polyphonic cooperation between the two voices thus providing new angles on ironical discourse and gender fluidity within the Heroides By reading the Heroides both through feminist theory and against Ovid's poetic production Simona Martorana provides a novel approach to describe how motherhood enhances the heroines agency drawing on works of Kristeva Irigaray Butler Mulvey Cavarero Braidotti and Ettinger The application of theory is flexible throughout Seeking the Mothers in Ovid's Heroides and tailored to the nuances of specific passages rather than being uniformly imposed on the ancient text Seeking the Mothers in Ovid's Heroides reveals how the irony ambiguity and polyphony intrinsic to Ovid's poetry are amplified by the heroines poetic voices Martorana breaks new ground by incorporating contemporary feminist theories within the analysis of the Heroides and provides an original comprehensive analysis of motherhood that encompasses other Ovidian works Latin poetry and classical literature more broadly **Vital and Health Statistics** ,1966 Mothers and sons William Platt, 1857 A Boy from Barnhart Herbie R.
