T. Joshi, 1989 American Horror Fiction and Class David Simmons, 2017-09-15 In this book Simmons argues that class as much as race and gender played a significant role in the development of Gothic and Horror fiction in a national context From the classic texts of Edgar Allen Poe and Nathaniel Hawthorne right through to contemporary examples such as the novels of Stephen King and Stephenie Meyer's Twilight Series class remains an ever present though understudied element This study will appeal to scholars of American Studies English literature Media and Cultural Studies interested in class representations in the horror genre from the nineteenth century to the present day La utopía conservadora Mario Ramos Vera,2020-02-07 El conservadurismo ha sido tradicionalmente concebido como contrario a los grandes esquemas abstractos y los ideales de perfecci n pol tica mientras que lo ut pico se ha situado en un orden de promisi n o en un no lugar venturoso Esta aparente pol mica entra ar a una singular paradoja pues existe una utop a conservadora de car cter desiderativo y normativo es decir un anhelo moralizante y un espejo cr tico de la realidad de su tiempo frente a los borradores de perfecci n que aspiran a construir un mundo nuevo y perfecto sobre los rescoldos de un orden anterior El estudio del utopismo conservador que aborda esta obra pretende rebatir la convenci n que contrapone pol micamente el utopismo y el pensamiento pol tico conservador En ltima instancia supone la denuncia del reduccionismo ideol gico que vincula la utop a con los proyectos totalitarios de transformaci n social y que al mismo tiempo deval a la imaginaci n como elemento de reflexi n pol tica ajeno a la defensa conservadora de las tradiciones ideas y pr cticas exitosas a lo largo de la historia del pensamiento Mental Illness in Popular Culture Sharon Packer MD,2017-05-24 Being crazy is generally a negative characterization today yet many celebrated artists leaders and successful individuals have achieved greatness despite suffering from mental illness This book explores the many different representations of mental illness that exist and sometimes persist in both traditional and new media across eras Mental health professionals and advocates typically point a finger at pop culture for sensationalizing and stigmatizing mental illness perpetuating stereotypes and capitalizing on the increased anxiety that invariably follows mass shootings at schools military bases or workplaces on public transportation or at large public gatherings While drugs or street gangs were once most often blamed for public violence the upswing of psychotic perpetrators casts a harsher light on mental illness and commands media s attention What aspects of popular culture could play a role in mental health across the nation How accurate and influential are the various media representations of mental illness Or are there unsung positive portrayals of mental illness This
