child's foot will look normal and he or she will be able to walk run and play 2 It is important to find a doctor skilled in treating clubfoot with a nonsurgical approach This is called the Ponseti method after the late Dr Ponseti who developed it 3 Once a child's foot is corrected following through with brace wear as directed until the age of four or five is the best way to prevent a relapse in which the foot needs to be corrected again *The Complete Idiot's Guide to Sewing* Missy
