Falling Into Grace:

Falling Into Grace John Newton, 2016-04-10 Jesus was quite clear that we must lose our life before we find it This book gives a hopeful and realistic look at what losing our life entails articulating how growth in the Christian life is not our ascent to God but the process by which our eyes are opened to the beauty God has already given to us It is a book about descending into God and into our own inner depths about the deep waters of the Christian faith Put out into the deep and let your nets down for a catch Luke 5 4 We live in a world that values productivity and success and we vainly imagine that God expects us to be spiritually productive and successful too It doesn't matter how much we talk about grace our conversation is often narrowly focused on what we need to do for God so much so that we often block the work God longs to do in us This book does not articulate God's work as a process by which we become spiritually strong but rather as the process by which we embrace our weakness as the place where we most fully experience God's perfect strength 2 Corinthians 12 9 **Falling**

W. Carstens, 2008-10-07 Falling into Grace is a study of Andrew Greeley's fiction and the message behind his words revealing many timeless political and theological ideas Professor R W Carstens shares the findings of his deep exploration into Greeley's novels as evidence of a set of ancient values and key political ideas that are needed today more than ever As a great storyteller Greeley's message is significant that grace sustains us unites us comforts us and sometimes overwhelms us but it is also evidence of our freedom Carstens' careful examination into the deeper meaning behind the stories demonstrates that Greeley's characters and the world in which they live portray life as acts of faith hope and love and prove that God is alive and well in the hearts of many in the world As Carstens discusses Greeley's imagination and his political and theological concepts he develops his own theories about how these ideas can be applied in today's world by creating freedom limiting authority and building communities where people are united by common goals In the end Carstens' study demonstrates that Greeley's fiction shows us a way to go home to the images that appeal to the best in us and therefore tell us what might be
