**Keats, Modesty and Masturbation** Rachel Schulkins,2016-04-22 Examining John Keats s reworking of the romance genre Rachel Schulkins argues that he is responding to and critiquing the ideals of feminine modesty and asexual femininity advocated in the early nineteenth century Through close readings of Isabella or the Pot of Basil The Eve of St Agnes Lamia and La Belle Dame sans Merci Schulkins offers a re evaluation of Keats and his poetry designed to demonstrate that Keats s sexual imagery counters conservative morality by encoding taboo desires and the pleasures of masturbation In so doing Keats presents a version of female sexuality that undermines the conventional notion of the asexual female Schulkins engages with feminist criticism that largely views Keats as a misogynist poet who is threatened by the female s overwhelming sexual and creative presence Such criticism Schulkins shows tends towards a problematic identification between poet and protagonist with the text seen as a direct rendering of authorial ideology Such an interpretation neither distinguishes between author protagonist text social norms and cultural history nor recognises the socio sexual and political undertones embedded in Keats s rendering of the female Ultimately

Schulkins's book reveals how Keats's sexual politics and his refutation of the asexual female model fed the design plot and vocabulary of his romances *The Clitoral Guide to Female Self-Pleasure: How to Please Yourself So Your Partner Can Too*

Jenne Davis, 2015-04-16 Hitting the right spot **Exploring the Dimensions of Human Sexuality** Jerrold S.

Greenberg, Clint E. Bruess, Sara B. Oswalt, 2014 **A Beginners Guide How To Masturbate Properly For Women**

Clinton Gog, 2021-07-13 Many myths and misconceptions still spread the thought that masturbation is somehow harmful to health. However, masturbating may have several health benefits. Deciding whether to masturbate or not may be a personal choice. However, masturbating may have several positive effects, including boosting hormones and chemicals that promote positive emotions, feelings, and sensations. **Masturbation in Pop Culture** Lauren Rosewarne, 2014-10-15 Through reference to over six hundred scenes from film and television, as well as a diverse and cross-disciplinary academic bibliography, *Masturbation in Pop Culture* investigates the role that masturbation serves within narratives while simultaneously mirroring our complicated relationship with the practice in real life and sparking discussions about a broad range of hot-button sexual subjects. From sitcoms to horror movies, teen comedies to erotic thrillers, autoeroticism is easily detected on screen. The portrayal, however, is not a simple one. Just as in real life, a paradox exists where most of us masturbate and accept it as normal and natural, there simultaneously exists a silence about it that we do it but we don't talk about it that we enjoy it but we laugh about it. The screen reflects this conflicted relationship. It is there hundreds and hundreds of times, but it is routinely whispered about, mocked, and presented as a punchline and is inevitably portrayed as controversial at the very least. *Masturbation in Pop Culture* investigates the embarrassment and squeamishness, sexiness, and inappropriateness of masturbation, showcasing and analyzing how our complex off-screen relationship is mirrored in film and television. Contemporary Art and Classical Myth Jennie Hirsh, 2017-07-05 Contemporary art is deeply engaged with the subject of classical myth. Yet within the literature on contemporary art, little has been said about this provocative relationship. Composed of fourteen original essays, *Contemporary Art and Classical Myth* addresses this scholarly gap, exploring and in large part establishing the multifaceted intersection of contemporary art and classical myth. Moving beyond the notion of art as illustration, the essays assembled here adopt a range of methodological frameworks, from iconography to deconstruction, and do so across an impressive range of artists and objects: Francis Al's Ghada Amer, Wim Delvoye, Luciano Fabro, Joanna Frueh, Felix Gonzales Torres, Duane Hanson, Yayoi Kusama, Roy Lichtenstein, Kara Walker, and an iconic photograph by Richard Drew, subsequently entitled *The Falling Man*. Arranged so as to highlight both thematic and structural affinities, these essays manifest various aspects of the link between contemporary art and classical myth while offering novel insights into the artists and myths under consideration. Some essays concentrate on single works as they relate to specific myths, while others take a broader approach, calling on myth as a means of grappling with dominant trends in contemporary art.
