Ross, 2016-12-30 It has been four decades since the publication of Adrienne Rich s *Of Woman Born* but her analysis of maternity and the archetypal Mother remains a powerful critique as relevant today as it was at the time of writing It was Rich who first defined the term motherhood as referent to a patriarchal institution that was male defined male controlled and oppressive to women To empower women Rich proposed the use of the word mothering a word intended to be female defined It is between these two ideas that of a patriarchal history and a feminist future that the introductory text *Interrogating Motherhood* begins Ross explores the topic of mothering from the perspective of Western society and encourages students and readers to identify and critique the historical social and political contexts in which mothers are understood By examining popular culture employment public policy poverty other mothers and mental health *Interrogating Motherhood* describes the fluid and shifting nature of the practice of mothering and the complex realities that define contemporary women s lives      *Sex Work in Popular Culture* Lauren Kirshner, 2024-07-05 *Sex Work in Popular Culture* delves into provocative movies TV shows and documentaries about sex work produced in the last fifteen years a period of debate and change around the meaning of sex work in North American society From Oscar winning films to viral YouTube videos and from indie documentaries to hit series many of which are made by women the book reveals how sex work is being recognized as real work and an issue of human rights Lauren Kirshner shares how popular culture has responded by producing the dynamic new figure of a sex worker who challenges tropes and promotes understanding of the key issues shaping sex work The book draws on labour and feminist theory film history current news and popular culture all within the context of neoliberal capitalism and the rise of transactional intimate labour Kirshner takes us from erotic dance clubs to porn sets illuminating the professional lives of erotic dancers massage parlour workers webcam models call girls sex surrogates and porn performers Probing how

**Mothering in the Age of Neoliberalism** Giles Melinda Vandenberg,2014-03-01 Neoliberal policies and austerity measures have unequivocally altered the landscape of women s lives globally The most detrimental effect has been on mothers as they are faced with increasing responsibility and decreasing resources Despite mothers being the primary producers consumers and repro ducers of the neoliberal world their centrality has been largely silenced within economic discourse Thus Mothering in the Age of Neoliberalism calls for a new economic framework to counter the individualized neoliberal model one in which the needs of mothers and children are prioritized This volume provides a crucial starting point By identifying the sources of neoliberal failure toward mothers we can begin to collectively formulate an alternative paradigm in which mothers voices are no longer rendered invisible but rather predominate in the global landscape
