## **Guide To Faithful Citizenship:**

Catholic Update Guide to Faithful Citizenship Mary Carol Kendzia, 2012 With this handy guide Catholic voters will come to understand their role in this and every election and will know how to form and use a Gospel based conscience to discern major decisions Drawing on the trusted and popular Catholic Update newsletter the Catholic Update Guide to Faithful Citizenship helps committed Catholic voters participate fully in the political process by addressing some of the issues Catholics should consider before casting their votes issues such as euthanasia abortion stem cell research social justice immigration capital punishment same sex marriage ecological concerns and health care Catholics Care, Catholics Vote Catholic Church, Catholic Church. United States Conference of Catholic Bishops, 2012 *Law's Virtues* Cathleen Kaveny, 2012-09-20 Can the law promote moral values even in pluralistic societies such as the United States Drawing upon important federal legislation such as the Americans with Disabilities Act legal scholar and moral theologian Cathleen Kaveny argues that it can In conversation with thinkers as diverse as Thomas Aquinas Pope John Paul II and Joseph Raz she argues that the law rightly promotes the values of autonomy and solidarity At the same time she cautions that wise lawmakers will not enact mandates that are too far out of step with the lived moral values of the actual community According to Kaveny the law is best understood as a moral teacher encouraging people to act virtuously rather than a police officer requiring them to do so In *Law's Virtues* Kaveny expertly applies this theoretical framework to the controversial moral legal issues of abortion genetics and euthanasia In addition she proposes a moral analysis of the act of voting in dialogue with the election guides issued by the US bishops Moving beyond the culture wars this bold and provocative volume proposes a vision of the relationship of law and morality that is realistic without being relativistic and optimistic without being utopian **The Making of Barack Obama** Matthew Abraham, Erec Smith, 2013-10-01 *The Making of Barack Obama* The Politics of Persuasion provides the first comprehensive treatment of why Obama's rhetorical strategies were so effective during the 2008 presidential campaign during the first four years of his presidency and once again during the 2012 presidential campaign **American Catholic Bishops and the Politics of Scandal** Meaghan O'Keefe, 2019-04-18 This book explores the rhetoric and public communication of the Catholic Church in the United States in the wake of the sexual abuse scandals and offers a demonstration of how large organizations negotiate a loss of public trust while retaining political power While the Catholic Church remains a major political force in the United States recent scandals have undoubtedly had an adverse effect on both its reputation and moral authority This has been exacerbated by the public responses of Catholic clergy which have often left supporters of the Church let alone critics profoundly unsatisfied Drawing on documents voting guides pastoral letters sermons press releases and other materials issued by the United States Conference of Catholic Bishops USCCB as well as American nuns the book explores Catholic political statements issued after the sexual abuse crises entered the public consciousness Using approaches from linguistics and rhetoric it analyses how these statements compare to similar materials

issued before this time This comparison demonstrates that for the American Catholic Church persuasion is less important than maintaining the impression that there has been no loss of authority This is a timely study of the Catholic Church's handling of the recent revelations of abuse within the Church As such it will be of keen interest to scholars of religious rhetoric contemporary Catholicism linguistics rhetoric communication and religious studies [Encyclopedia of Catholic Social Thought, Social Science, and Social Policy](#) Michael L. **The Borders of Baptism** Michael L. Budde, 2011-08-01 It's a simple claim really that for Christians being a Christian should be their primary allegiance and identity For those who proclaim Jesus as Lord this identity should supersede all others and this loyalty should trump all lesser ones It may be a simple claim but it is a controversial one for many people Christians and non Christians alike The Borders of Baptism uses the idea of solidarity among Christians as a lens through which to view politics economics and culture It offers Christians a fresh perspective capable of moving beyond sterile and dead end debates typical of debates on issues ranging from immigration and race to war peace and globalization The Borders of Baptism invites Christians of all traditions to reflect on the theological and political implications of first being a Christian in a world of rival loyalties It invites readers to see what it might mean to be members of a community broader than the largest nation state more pluralistic than any culture in the world more deeply rooted in the lives of the poor and marginalized than any revolutionary movement and more capable of exemplifying the notion of e pluribus unum than any empire past present or future

*Moral Debates in Contemporary Catholic Thought* James Bretzke,2024-11-26 How do we navigate a morally complex world How do we know how to do the right thing especially when so many voices are clamoring for our attention telling us that they have the full truth of just what the right thing is and what it requires of us James T Bretzke S J one of most lucid interpreters of the Catholic tradition writing today helps students morally analyze a wide range of controversial and contested issues in society today through the use of principles paradigms and the cardinal virtue of prudence After introducing the approach of principled prudence drawing on Thomas Aquinas Catholic Social Teaching and other sources Bretzke engages a range of moral considerations in the following chapters the death penalty abortion gender immigration and border security welfare economics and faithful citizenship In the concluding chapter Bretzke surveys our current political landscape and its attendant culture wars and suggests a possible path forward drawing on the central moral concept of the common good While politics has often been described as the art of compromise U S society seems to be short of such artists today Bretzke a master of moral theology gives students the tools to better interpret and assess critical issues and to appreciate the depth of the Catholic tradition s wisdom on such issues Ideal for classroom use including such courses as Catholic ethics theological ethics and moral theology this text illuminates the core moral principles that deal with moral discernment in an imperfect and increasingly polarized world Each chapter includes case studies questions for reflection and discussion and resources for further reading Voting and Holiness Nicholas P. Cafardi,2012 A collection of essays by noted Catholic scholars on how Catholics should participate in the political process **Politics in the Parish** Gregory Allen Smith,2008-03-29 For well over a century the Catholic Church has articulated clear positions on many issues of public concern particularly economics capital punishment foreign affairs sexual morality and abortion Yet the fact that some of the Church s positions do not mesh well with the platforms of either of the two major political parties in the U S may make it

difficult for Americans to look to Catholic doctrine for political guidance. Scholars of religion and politics have long recognized the potential for clergy to play an important role in shaping the voting decisions and political attitudes of their congregations yet these assumptions of political influence have gone largely untested and undemonstrated. *Politics in the Parish* is the first empirical examination of the role Catholic clergy play in shaping the political views of their congregations. Gregory Allen Smith draws from recent scholarship on political communication and the comprehensive Notre Dame Study of Parish Life as well as case studies he conducted in nine parishes in the mid Atlantic region to investigate the extent to which and the circumstances under which Catholic priests are influential in shaping the politics of their parishioners. Smith is able to verify that clergy do exercise political influence but he makes clear that such influence is likely to be nuanced, limited in magnitude and exercised indirectly by shaping parishioner religious attitudes that in turn affect political behavior. He shows that the messages that priests deliver vary widely even radically from parish to parish and priest to priest. Consequently he warns that scholars should exercise caution when making any global assumptions about the political influence that Catholic clergy affect upon their congregations.

**The Catholic Ethicist in the Local Church (CTEWC Series)** Autiero, Antonio, Magesa, Laurenti, 2018-04-24

**Church, State, and Society** J. Brian Benestad, 2012-08-07 How can the Catholic faith help not only Catholics but all people build a just and flourishing society? The Catholic Church contributes first and foremost to the common good by forming the consciences of the faithful. Faith helps reason achieve an understanding of the common good and guides individuals in living justly and harmoniously. In this book J. Brian Benestad provides a detailed accessible introduction to Catholic social doctrine (CSD), the Church's teachings on the human person, the family, society, political life, charity, justice, and social justice. *Church, State, and Society* explains the nuanced understanding of human dignity and the common good found in the Catholic intellectual tradition. It makes the case that liberal arts education is an essential part of the common good because it helps people understand their dignity and all that justice requires. The author shows the influence of ancient and modern political philosophy and examines St. Augustine, St. Thomas Aquinas, papal social encyclicals, Vatican Council II, and postconciliar magisterial teaching. Benestad highlights the teachings of popes John Paul II and Benedict XVI that the attainment of the common good depends on the practice of the virtues by citizens and leaders alike. In addition to discussing the tension between CSD and liberal democracy, the book takes an in-depth look at key themes of social life: the dignity of the human person, human rights, natural law, and the common good. Three principal mediating institutions of civil society: family, Church, and Catholic university. The economy, work, poverty, immigration, and the environment. The international community and just war principles. Excellent. The best treatment of Catholic Social Doctrine as a whole and a precious reminder of the intrinsically problematic character of modern democracy.

*Perspectives on Political Science: American Catholics and Civic Engagement* Margaret O'Brien Steinfels, 2004. Sheed Ward proudly presents the first of two volumes in a groundbreaking series called *American Catholics in the Public Square*. The result of a three-year

study sponsored by Pew aimed at understanding the contributions to U S civic life of the Catholic Jewish mainline and evangelical Protestant African American Latino and Muslim communities in the United States the two volumes in this series gather selected essays from the Commonweal Colloquia and the joint meetings organized by the Commonweal Foundation and The Faith and Reason Institute a conservative think tank in Washington     Citizenship, Migrant Activism and the Politics of Movement Peter Nyers, Kim Rygiel, 2012-02-13 Migration is an inescapable issue in the public debates and political agendas of Western countries with refugees and migrants increasingly viewed through the lens of security This book analyses recent shifts in governing global mobility from the perspective of the politics of citizenship utilising an interdisciplinary approach that employs politics sociology anthropology and history Featuring an international group of leading and emerging researchers working on the intersection of migrant politics and citizenship studies this book investigates how restrictions on mobility are not only generating new forms of inequality and social exclusion but also new forms of political activism and citizenship identities The chapters present and discuss the perspectives experiences knowledge and voices of migrants and migrant rights activists in order to better understand the specific strategies tactics and knowledge that politicized non citizen migrant groups produce in their encounters with border controls and security technologies The book focuses the debate of migration security and mobility rights onto grassroots politics and social movements making an important intervention into the fields of migration studies and critical citizenship studies *Citizenship Migrant Activism and the Politics of Movement* will be of interest to students and scholars of migration and security politics globalisation and citizenship studies     *Voting and Faithfulness* Cafardi, Nicholas P., 2020 Fifteen essays aimed at voters on a variety of topics such as faithful citizenship how Catholics perceive and talk about issues such as war life issues character issues and how our bishops teach     Introducing Catholic Social Thought J. Milburn Thompson, 2015-02-26 Introduces Catholic social teaching of the twenty first century and includes encyclicals of Benedict XVI     *A Nation for All* Chris Korzen, Alexia Kelley, 2009-04-15 On the eve of the most important presidential election in decades *A NATION FOR ALL* sounds the trumpet to the tens of millions of U S Catholics who have refused to buy the notion that people of faith must subscribe to the narrow agenda of the far right By shining the light of authentic Catholic teaching on pressing contemporary concerns like war human dignity poverty and the looming global climate crisis this book shows Catholics how their own faith tradition calls them to tackle a sweeping array of issues commonly left out of the faith and politics dialog Most important *A NATION FOR ALL* demonstrates how the core Catholic and Christian belief in promoting the common good can provide Americans of all faith traditions with a much needed solution to the downward spiral of greed materialism and excessive individualism     Public Pulpits Steven M. Tipton, 2008-09-15 Since the 2000 presidential election debate over the role of religion in public life has followed a narrow course as pundits and politicians alike have focused on the influence wielded by conservative Christians But what about more mainstream Christians Here Steven M Tipton examines the political activities of Methodists and mainline churches in this

groundbreaking investigation into a generation of denominational strife among church officials lobbyists and activists The result is an unusually detailed and thoughtful account that upends common stereotypes while asking searching questions about the contested relationship between church and state Documenting a wide range of reactions to two radically different events the invasion of Iraq and the creation of the faith based initiatives program Tipton charts the new terrain of religious and moral argument under the Bush administration from Pat Robertson to Jim Wallis He then turns to the case of the United Methodist Church of which President Bush is a member to uncover the twentieth century history of their political advocacy culminating in current threats to split the Church between liberal peace and justice activists and crusaders for evangelical renewal Public Pulpits balances the firsthand drama of this internal account with a meditative exploration of the wider social impact that mainline churches have had in a time of diverging fortunes and diminished dreams of progress An eminently fair minded and ethically astute analysis of how churches keep moral issues alive in politics Public Pulpits delves deep into mainline Protestant efforts to enlarge civic conscience and cast clearer light on the commonweal and offers a masterly overview of public religion in America
