History Alive Ancient World Chapter 32:

Born Again Richard Oestermann, 1999 Oestermann a Dane by birth who has lived in Israel since 1961 presents 35 brief human interest stories about Israel's ordinary and extraordinary citizens including a man who leads treks in the desert an Israeli woman whose life was saved by an Arab physician and Israeli transsexual singer Dana International The volume includes bandw photos it lacks a subject index Annotation copyrighted by Book News Inc Portland OR *The Emergence of Subjectivity in the Ancient and Medieval World* Jon Stewart, 2020-03-24 The Emergence of Subjectivity in the Ancient and Medieval World An Interpretation of Western Civilization represents a combination of different genres cultural history philosophical anthropology and textbook It follows a handful of different but interrelated themes through more than a dozen texts that were written over a period of several millennia and by means of an analysis of these texts presents a theory of the development of Western civilization from antiquity to the Middle Ages The main line of argument traces the various self conceptions of different cultures as they developed historically reflecting different views of what it is to be human The thesis of the volume is that through examination of these changes we can discern the gradual emergence of what we today call inwardness subjectivity and individual freedom As human civilization took its first tenuous steps it had a very limited conception of the individual Instead the dominant principle was that of the wider group the family clan or people Only in the course of history did the idea of what we now know as individuality begin to emerge and it took millennia for this idea to be fully recognized and developed The conception of human beings as having a sphere of inwardness and subjectivity subsequently had a sweeping impact on all aspects of culture including philosophy religion law and art indeed this notion largely constitutes what is today referred to as modernity It is easy to lose sight of the fact that this modern conception of human subjectivity was not simply something given but rather the result of a long process of historical and cultural development

The History of the World in 100 Plants Simon Barnes, 2022-10-27 From the author of The History of the World in 100 Animals a BBC Radio Four Book of the Week comes an inspirational new book that looks at the 100 plants that have had the greatest impact on humanity stunningly illustrated throughout As humans we hold the planet in the palms of our hands But we still consume the energy of the sun in the form of food The sun is available for consumption because of plants Plants make food from the sun by the process of photosynthesis nothing else in the world can do this We eat plants or we do so at second hand by eating the eaters of plants Plants give us food Plants take in carbon dioxide and push out oxygen they give us the air we breathe direct the rain that falls and moderate the climate Plants also give us shelter beauty comfort meaning buildings boats containers musical instruments medicines and religious symbols We use flowers for love we use flowers for death The fossils of plants power our industries and our transport Across history we have used plants to store knowledge to kill to fuel wars to change our state of consciousness to indicate our status The first gun was a plant we got fire from plants we have enslaved people for the sake of plants We humans like to see ourselves as a species that has risen above

the animal kingdom doing what we will with the world But we couldn't live for a day without plants Our past is all about plants our present is all tied up with plants and without plants there is no future From the mighty oak to algae from cotton to coca here are a hundred reasons why *The Christian Work and the Evangelist*, 1907 [The Pursuit of Happiness](#) Sarah Heaner Lancaster, 2010-12-08 People want to be happy Nothing could be more obvious and yet this common and evident goal is not as easy to achieve as it is to desire The Christian tradition has understood happiness to be gained through relationship with God and it has much to say about what will make us truly happy and what will not This book examines happiness from a Christian perspective using John Wesley as the focus of study because he understood happiness with God to be the very goal of Christian life He also understood that Christian happiness needed to acknowledge the difficulties of life This book seeks to learn from the wisdom of the past in order to imagine how Christians today might talk about happiness in a way that is faithful to the tradition and engages the world as well
